Table of Contents

Introduction 1
Chapter 1: Discussions between Neuronists and Reticularists 5
Chapter 2: Findings of the Syncytial Fusion in the Nervous System in Animals of Different Species 23
Chapter 3: Neuroglial and Glioglial Membrane Junctions and Syncytial Cytoplasmic Connections 69
Chapter 4: Ultrastructural Conversion Dynamics of Duplicated Biological Membranes in the Nervous System 89
Conclusion 132
References 135
