

# COMMITTEES

## Organizing Committee

<b>General Chair</b>	<b>S.B. Lee</b> , <i>Korea Advance Institute of Science and Technology, Korea</i>
<b>Program Chair</b>	<b>Y.J. Kim</b> , <i>Korea University, Korea</i>
<b>Financial Chair</b>	<b>S.S. Lee</b> , <i>Korea Advance Institute of Science and Technology, Korea</i>
<b>Local Arrangement Chair</b>	<b>J. Kim</b> , <i>Korea Advance Institute of Science and Technology, Korea</i>
<b>Members</b>	<b>H.E. Kim</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i> <b>H.J. Lee</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>

## Advisory Committee

<b>Chair</b>	<b>Y.Y. Earmme</b> , <i>Korea Advance Institute of Science and Technology, Korea</i>
<b>Members</b>	<b>O.S. Lee</b> , <i>Inha University, Korea</i> <b>J.S. Hawong</b> , <i>Yeungnam University, Korea</i> <b>S.R. Lee</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>

## Industrial Advisory Board

<b>Y.S. Yoo</b> , <i>MTS Korea, Inc., Korea</i>
<b>H.Y. Park</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>
<b>H.M. Kang</b> , <i>Samsung Electro-Mechanics Co., Ltd., Korea</i>
<b>H. Kim</b> , <i>Instron Corporation, Korea</i>
<b>H.J. Pahk</b> , <i>SNU Precision Co., Ltd., Korea</i>
<b>J.H. Park</b> , <i>Silicon and Systems, Korea</i>

## International Advisory Board

<b>A.K. Asundi</b> , <i>Nanyang Technological University, Singapore</i>
<b>D.N. Fang</b> , <i>Tsinghua University, Chin</i>
<b>D. Goldar</b> , <i>Delhi College of Engineering., India</i>
<b>K.S. Kim</b> , <i>Brown University, USA</i>
<b>K. Kishimoto</b> , <i>Tokyo Tech, Japan</i>
<b>Y. Morimoto</b> , <i>Wakayama University, Japan</i>
<b>G. Ravichandran</b> , <i>California Institute of Technology, USA</i>
<b>H. Reichl</b> , <i>IZM, Germany</i>

**Steering Committee of ACEM**

<b>Chair</b>	<b>Y. Morimoto</b> , <i>Wakayama University, Japan</i>
<b>Mambers</b>	<b>Y.W. Mai</b> , <i>Centre for Advanced Materials Technology, Australia</i>
	<b>X. Hu</b> , <i>University of Western Australia, Australia</i>
	<b>W. Xiaoping</b> , <i>University of Science and Technology of China, China</i>
	<b>X. Su</b> , <i>Sichuan University, China</i>
	<b>X. Huimin</b> , <i>Tsinghua University, China</i>
	<b>M.Y.Y. Hung</b> , <i>City University of Hong Kong, Hong Kong, China</i>
	<b>A.K.T Lau</b> , <i>The Hong Kong Polytechnic University, Hong Kong, China</i>
	<b>D. Goldar</b> , <i>Delhi College of Engineering, India</i>
	<b>V.S. Sethi</b> , <i>Ministry of Defence, India</i>
	<b>K. Ramesh</b> , <i>Indian Institute of Technology, India</i>
	<b>G.B. Suparta</b> , <i>Gadjah Mada University, Indonesia</i>
	<b>H. Zain</b> , <i>University of Indonesia, Indonesia</i>
	<b>I.I.S. Putra</b> , <i>Institute Teknologi Bandung, Indonesia</i>
	<b>A. Kato</b> , <i>Chubu University, Japan</i>
	<b>K. Arakawa</b> , <i>Kyushu University, Japan</i>
	<b>O.S. Lee</b> , <i>Inha University, Korea</i>
	<b>J.S. Hawong</b> , <i>Yeungnam University, Korea</i>
	<b>S.B. Lee</b> , <i>Korea Advanced Institute of Science and Technology, Korea</i>
	<b>W.S.W. Abdullah</b> , <i>Malaysia</i>
	<b>R. Kunnemeyer</b> , <i>The University of Waikato, New Zealand</i>
	<b>R. Rosello</b> , <i>University of Southeastern Philippines, Philippines</i>
	<b>A. Asundi</b> , <i>Nanyang Technological University, Singapore</i>
	<b>C.J. Tay</b> , <i>National University of Singapore, Singapore</i>
	<b>T.S. Lok</b> , <i>National University of Singapore, Singapore</i>
	<b>W.C. Wang</b> , <i>National Tsinghua University, Taiwan</i>
	<b>T.Y.F. Chen</b> , <i>National Cheng Kung University, Taiwan</i>
	<b>Y.L. Lo</b> , <i>National Cheng Kung University, Taiwan</i>
	<b>S. Sirisoonthorn</b> , <i>Nanyang Technological University, Thailand</i>
	<b>J. Widjaja</b> , <i>Suranaree University of Technology, Thailand</i>
	<b>P. Singhatanadgid</b> , <i>Chulalongkorn University, Thailand</i>
	<b>P.V. Hoi</b> , <i>Vietnam National Centre for Natural Science and Technology, Vietnam</i>

## Session Developers

- Optical Methods and Techniques: **S.H. Jeong**, *Gwangju Institute of Science and Technology, Korea*
- MEMS and Micromechanical Testing: **S.S. Lee**, *Korea Advance Institute of Science and Technology, Korea*
- Nano Technology: **H.J. Lee**, *Korea Institute of Machinery & Materials, Korea*
- Reliability Engineering: **H.E. Kim**, *Korea Institute of Machinery & Materials, Korea*
- Biotechnology and Life Science: **J. Kim**, *Korea Advance Institute of Science and Technology, Korea*  
**A.K.T. Lau**, *The Hong Kong Polytechnic University, Hong Kong, China*  
**S.L. Toh**, *National University of Singapore, Singapore*
- Fatigue and Fracture Mechanics: **Y.J. Kim**, *Korea University, Korea*
- Material Testing: **S.H. Nahm**, *Korea Research Institute of Standards and Science, Korea*
- Smart Materials: **J.S. Ko**, *Pusan National University, Korea*
- Impact Session: **H.S. Shin**, *Andong National University, Korea*  
**D. Goldar**, *Delhi College of Engineering, India*
- Composite Materials: **N.S. Choi**, *Hanyang University, Korea*

## Reviewers

- |                                                                                    |                                                                                   |
|------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
| <b>Y. Ahn</b> , <i>Hanyang University, Korea</i>                                   | <b>Y.H. Huh</b> , <i>Korea Research Institute of Standards and Science, Korea</i> |
| <b>S. Ando</b> , <i>Kumamoto University, Japan</i>                                 | <b>S. Hur</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>        |
| <b>W.S. Chang</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>     | <b>Y. Isono</b> , <i>Ritsumeikan University, Japan</i>                            |
| <b>F. Chen</b> , <i>Lee-Ming Institute of Technology, Taiwan</i>                   | <b>J.I. Jang</b> , <i>Hanyang University, Korea</i>                               |
| <b>J. Chen</b> , <i>Tianjin University, China</i>                                  | <b>J.U. Jeon</b> , <i>University of Ulsan, Korea</i>                              |
| <b>R. Chen</b> , <i>National Tsing Hua University, Taiwan</i>                      | <b>J.H. Jeong</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>    |
| <b>W. Chen</b> , <i>Taiyuan University of Technology, China</i>                    | <b>H.J. Jin</b> , <i>Inha University, Korea</i>                                   |
| <b>J. Cheong</b> , <i>Korea University, Korea</i>                                  | <b>C. Jing</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>       |
| <b>Y.S. Cho</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>       | <b>J. Jo</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>         |
| <b>D.G. Choi</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>      | <b>A. Kim</b> , <i>Kongju National University, Korea</i>                          |
| <b>D.S. Choi</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>      | <b>D. Kim</b> , <i>Pohang University of Science and Technology, Korea</i>         |
| <b>J.B. Choi</b> , <i>Sungkyunkwan University, Korea</i>                           | <b>G.H. Kim</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>      |
| <b>J.H. Choi</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>      | <b>G. Kim</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>        |
| <b>K. Choi</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>        | <b>H. Kim</b> , <i>Sungkyunkwan University, Korea</i>                             |
| <b>Y.H. Choi</b> , <i>Korea Advance Institute of Science and Technology, Korea</i> | <b>H.S. Kim</b> , <i>Chungnam National University, Korea</i>                      |
| <b>H.J. Chun</b> , <i>Yonsei University, Korea</i>                                 | <b>K.R. Kim</b> , <i>Pohang University of Science and Technology, Korea</i>       |
| <b>J. Goh</b> , <i>National University of Singapore, Singapore</i>                 | <b>T.W. Kim</b> , <i>Hanyang University, Korea</i>                                |
| <b>C.S. Han</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>       | <b>W.G. Kim</b> , <i>Korea Atomic Energy Research Institute, Korea</i>            |
| <b>S.W. Han</b> , <i>Korea Institute of Machinery &amp; Materials, Korea</i>       | <b>W.S. Kim</b> , <i>Gas Corporation, Korea</i>                                   |

- Y.H. Kim**, *Kyung Hee University, Korea*
- S.C. Ko**, *Electronics and Telecommunications Research Institute, Korea*
- S.I. Komazaki**, *Muroran Institute of Technology, Japan*
- Y.S. Kong**, *Pukyong National University, Korea*
- J.C. Koo**, *Sungkyunkwan University, Korea*
- O.H. Kwon**, *Pukyong National University, Korea*
- Y.I. Kwon**, *Cheongju University, Korea*
- K.T. Lau**, *The Hong Kong Polytechnic University, Hong Kong, China*
- D.S. Lee**, *Electronics and Telecommunications Research Institute, Korea*
- D.J. Lee**, *Yeungnam University, Korea*
- H. Lee**, *Sogang University, Korea*
- J.H. Lee**, *Korea Institute of Machinery & Materials, Korea*
- J. Lee**, *Korea Institute of Machinery & Materials, Korea*
- J.M. Lee**, *Pusan National University, Korea*
- P. Lee**, *Defence Medical & Environmental Research Institute, Singapore*
- T.M. Lee**, *Korea Institute of Machinery & Materials, Korea*
- U. Lee**, *Inha University, Korea*
- Y.S. Lee**, *Chungnam National University, Korea*
- Y.Z. Lee**, *Sungkyunkwan University, Korea*
- X. Li**, *Tsinghua University, China*
- J.H. Lim**, *Hanbat National University, Korea*
- L. Liu**, *Wuhan University of Technology, China*
- H. Ma**, *Jinan University, China*
- C.S. Oh**, *Kumoh National Institute of Technology, Korea*
- B. Pan**, *Tsinghua University, China*
- C.Y. Park**, *Korea Electric Power Research Institute, Korea*
- J.H. Park**, *Chungbuk National University, Korea*
- J.W. Park**, *Korea Institute of Machinery & Materials, Korea*
- J.H. Park**, *Tongmyong University of Information Technology, Korea*
- S. Park**, *Korea Advance Institute of Science and Technology, Korea*
- J.J. Rha**, *Korea Institute of Machinery & Materials, Korea*
- H. Sakamoto**, *Kumamoto University, Japan*
- Y. Sato**, *Tohoku Gakuin University, Japan*
- Y.H. Seo**, *Korea Institute of Machinery & Materials, Korea*
- D. Shu**, *Nanyang Technological University, Singapore*
- K.N. Song**, *Korea Atomic Energy Research Institute, Korea*
- H. Xiao-yuan**, *Southeast University, China*
- E. Umezaki**, *Nippon Institute of Technology, Japan*
- Y. Xuefeng**, *Tsinghua University, China*
- M.K. Yeh**, *National Tsing Hua University, Taiwan*
- J.H. Yoo**, *Yonsei University, Korea*
- Y.E. Yoo**, *Korea Institute of Machinery & Materials, Korea*
- E.S. Yoon**, *Korea Institute of Science and Technology, Korea*
- Q. Zhang**, *Beijing Institute of Technology, China*
