

ACCM-5 Organization

Chairs of ACCM-5

J.K. Kim, Hong Kong Univ. of Science & Technology
D.Z. Wo, Nanjing University of Aeronautics & Astronautics
L.M. Zhou, Hong Kong Polytechnic University

Secretariats

E. Ho, Hong Kong Univ. of Science & Technology
R. Tse, Hong Kong Univ. of Science & Technology
R.S.C. Woo, Hong Kong Univ. of Science & Technology

Special Symposia within ACCM-5

Nanocomposites: organized by K.T. Lau
Smart Composites: organized by H.T. Huang and L.M. Zhou
Composites in Medicine: organized by M. Wang
Mai Symposium: organized by J.K. Kim and L.M. Zhou

Local Scientific Committee

H.T. Huang, Hong Kong Polytechnic University
K.T. Lau, Hong Kong Polytechnic University
C.K.Y. Leung, Hong Kong Univ. of Science & Technology
R.K.Y. Li, City University of Hong Kong
Z.J. Li, Hong Kong University of Science & Technology
D.H.L. Ng, Chinese University of Hong Kong
S.Q. Shi, Hong Kong Polytechnic University
A.K. Soh, University of Hong Kong
K.Y. Sze, University of Hong Kong
S.C. Tsong, City University of Hong Kong
M. Wang, University of Hong Kong
C.M.L. Wu, City University of Hong Kong
T.M. Yue, Hong Kong Polytechnic University

Asian-Australasian Association for Composite Materials (AACM) Council

D. Bhattacharyya (President), University of Auckland
J.K. Kim (Vice president), Hong Kong University of Science & Technology
W. I. Lee (Executive Secretary), Seoul National University
M. Zako (Immediate Past President), Osaka University
L. Ye (Immediate Past Vice-President), University of Sydney
G. Ben, Nihon University
S. Chirachanchai, Chulalongkorn University, Thailand
H.R. Daghyani, Amirkabir University of Technology, Iran
T. Fujii, Doshisha University
K.S. Han, Pohang University of Science & Technology
C.S. Hong, Korea Advanced Institute of Science & Technology (Emeritus)
S.H. Hong, Korea Advanced Institute of Science & Technology
X.Z. Hu, University of Western Australia
D.A.L. Juwono-Soenarso, University of Indonesia
S.J. Kim, Seoul National University
I. Kimpara, Kanazawa Institute of Technology (Emeritus)
I. Lee, Korea Advanced Institute of Science & Technology
K.H. Leong, Petronas Research & Scientific Services, Malaysia
C.C.M. Ma, National Tsing Hua University
Y.W. Mai, University of Sydney (Emeritus)
Y. Miyano, Kanazawa Institute of Technology

N.K. Naik, Indian Institute of Technology
V.A. Phan, Institute of New Tech. Promotion of Vietnam
S. Ramakrishna, National University of Singapore
T. Uenoya, Technology Research Institute of Osaka Prefecture
D.Z. Wo, Nanjing University of Aeronautics & Astronautics
X.S. Yi, Beijing Institute of Aerospace Materials
M.C. Yip, National Tsing Hua University
M. Zhang, Zhongshan University

International Advisory Committee

W.J. Blau, Trinity College Dublin
T.W. Chou, University of Delaware
T.W. Clyne, University Cambridge
S.Y. Du, Harbin Institute of Technology
K. Friedrich, University of Kaiserslautern
H.T. Hahn, University of California, Los Angeles
H. Hamada, Kyoto Institute of Technology
S.V. Hoa, Concordia University
P. Hogg, Queen Mary University of London
C.S. Hong, Korea Advanced Institute of Science & Technology
F.R. Jones, University of Sheffield
V.M. Karbhari, University of California, San Diego
I. Kimpara, Kanazawa Institute of Technology
F. K. Ko, University of Drexel
E. Maeder, Institute of Polymer Research Dresden
Y.W. Mai, University of Sydney
G. Marom, Hebrew University of Jerusalem
A. Poursartip, University of British Columbia
K. Schulte, Technical University Hamburg-Harburg
P. Smith, University of Surrey
C.T. Sun, Purdue University
N. Takeda, University of Tokyo
M. Wisnom, University of Bristol
T.X. Yu, Hong Kong University of Science & Technology
Z. Zhang, National Center for Nanoscience & Technology, China

Sponsors

Asian-Australasian Association for Composite Materials (AACM)
Croucher Foundation
Asian Office of Aerospace Research & Development (AOARD)
Australian Composite Structures Society (ACSS)
Chinese Society of Composite Materials (CSCM)
China Fiber Reinforced Plastics Industrial Association
Japan Society for Composite Materials (JSCM)
Korean Society for Composite Materials (KSCM)
