Table of Contents

Preface

Chapter 1: Advanced Computer and Information Science, Network, Communication and Virtual Systems Applications in Industry

Chapter 2: Applied Mathematics

Chapter 3: Recognition and Monitoring Technologies

Chapter 4: Electrical and Electronic Engineering, Automation and Applied Mechanics Applications

Chapter 5: Creative and Product Design, Knowledge Innovation in Industry

Chapter 6: Green Technology & Architecture Engineering

Chapter 7: Material Science Engineering and Technology

Chapter 8: Medical Engineering Applications

Chapter 9: Miscellaneous Researches
