This volume records the accepted papers of 2013 International Conference on Mechatronics and Industrial Informatics (ICMII 2013) which took place in Guangzhou, China between 30-31 March 2013. This conference brought together leading researchers and scientists in the domain of mechatronics and industrial informatics from across the nation. The experience of various researchers was intended to be brought to an audience comprising of young researchers, so that they get to know the state of the art in the field.

We are grateful to the program committee members and the external reviewers for their hard work and expertise in selecting the program. Our special thanks go to many people worked together in organizing ICMII 2013 and ensuring its success. We hope that they found their involvement just as interesting and fun as we did.
