

Preface

2013 International Conference on Process Equipment, Mechatronics Engineering and Material Science will be held in Wuhan , China during June 15-16,2013.

The conference is organized by Wuhan Institute of Technology, co-sponsored by Wuhan University of Science and Technology, Deakin University ,Hubei Mechanical Engineering Society.

President of the conference is held by Professor Jianmin Xu of School of Mechatronic Engineering in Wuhan Engineering University, Australia Deakin University Professor and doctor tutor Lingxue Kong served as Chairman of the program Committee.

In recent years, process equipment, mechatronic engineering and material science have attracted attentions of experts and scholars in engineering area increasingly. With the rapid development of process equipment, mechatronic engineering and manufacturing industry in China, more and more enterprise persons and engineering territories persons ask for higher demands on it.

The international academic conference aims to further promote exchanges and cooperation in this area and to play an active role in improving academic standing and international influence of our country in the process equipment, mechatronic engineering and material science as well as shortening the gap with the top subject in the world.

Famous scholars at home and abroad will be invited and frontier as well as hot issues of process equipment, mechatronic engineering and material science will be exchanged and discussed deeply in this conference. Australia's Deakin University Professor Lingxue Kong , Wushan University of Technology Professor Dingfang Chen and Wuhan Engineering University Professor Hanyu Hong will be invited to give lectures in the conference.

All the manuscripts will be published by TTP Press, and all published papers will be sent to related institute for EI and ISTP indexing.

2013 International Conference on Process Equipment, Mechatronics Engineering and Material Science (PEME 2013)

June 15-16,2013
Wuhan, Hubei , China

Organization

PEME 2013 is organized by

Wuhan Institute of Technology

Co-Sponsored by

Deakin University

Wuhan University of Science and Technology

Hubei Mechanical Engineering Society

Committees

Conference chairs:

Prof. Jianmin Xu, Wuhan Institute of Technology, China

Program Committee Chairs:

Prof. Lingxue Kong , Deakin University, Australia

Program Committee members:

Prof. Duanwei Shi, Wuhan University, China

Prof. Guangxu Zhang, Wuhan University of Technology, China

Prof. Guangde Zhang, Wuhan University of Science and Technology, China

Prof. Zifan Fang, Three Gorges University, China

Prof. Yonglin Zhang, Wuhan Polytechnic University, China

Prof. Huixin Yuan, Changzhou University, China

Prof. Jianwei Zhang, Shenyang University of Chemical Technology, China

Prof. Tao Zeng, Sichuan University of Science and Engineering, China

Prof. Jiuyang Yu, Wuhan Institute of Technology, China

Prof. Hanyu Hong, Wuhan Institute of Technology, China

Prof. Jiasheng He, Wuhan Institute of Technology, China

Prof. Jianmin Xu, Wuhan Institute of Technology, China

Prof. Jianqiu Zhou, Wuhan Institute of Technology, China

Prof. Hebao Wu, Wuhan Institute of Technology, China

Prof. Yibin He, Wuhan Institute of Technology, China

Prof. Xubing Chen, Wuhan Institute of Technology, China

Prof. Shuimin He, China University of Geosciences, China

Professor level senior engineer Wancheng Chen, Hubei Mechanical Engineering Society, China
