

Preface

International Conference on Advances in Mechanical Engineering 2013 (ICAME2013) is organized by the Faculty of Mechanical Engineering, Universiti Teknologi MARA (UiTM), Malaysia. This year's conference is the third ICAME organized by the faculty. ICAME2013 is intended to provide a technical forum and discussion among students, researchers, academicians, engineers and practitioners to present their latest research findings and share ideas, developments and applications related to the various aspects of mechanical engineering. In addition to fostering research collaboration and the sharing of ideas, the conference seeks to enhance technology transfer between universities, research centers, and industries. ICAME2013 include keynote addresses by eminent scientists as well as oral and poster sessions. Total of more than 160 papers, organized into ten tracks/chapters, from various countries are presented this year.
