

## Preface

2014 the 3rd International Conference on Frontiers of Mechanical Engineering and Materials Engineering (MEME 2014) will be held in Xiamen, China during November 21-23, 2014. The aim is to provide a platform for researchers, engineers, academicians as well as industrial professionals from all over the world to present their research results and development activities in Mechanical Engineering, Materials Engineering and Control Engineering.

In this conference, we received more than 600 submissions from email and electronic submission system, which were reviewed by international experts, and about 227 papers have been selected for presentation, representing 10 national and international organizations. I think that MEME2014 will be the most comprehensive Conference focused on the Mechanical Engineering, Materials Engineering and Control Engineering. The conference will promote the development of Mechanical Engineering, Materials Engineering and Control Engineering, strengthening the international academic cooperation and communications, and exchanging research ideas.

We would like to thank the conference chairs, organization staff, the authors and the members of International Technological Committees for their hard work. Thanks are also given to Trans Tech Publications.

We hope that MEME 2014 will be successful and enjoyable to all participants. We look forward to seeing all of you next year at the MEME 2015.
