

Preface

2014 3rd International Conference on Mechanical, Information and Industrial Engineering (ICMIIIE 2014) was held on Nov. 21-22, 2014 in Weihai, China. This Conference will cover issues on Internet Mechanical, Information and Industrial Engineering. It dedicates to creating a stage for exchanging the latest research results and sharing the advanced research methods.

This conference received significant attention all over the World. This volume represents papers accepted which are of good quality and more relevant towards the title of the conference. This conference covers these topics Materials Science and Processing Technologies; General Mechanical Engineering and Mechanics; Mechatronics and Robotics; Control Technologies, Automation and Simulation of Manufacturing; Electrical Engineering and Electric Machines; Power System and Energy Engineering, its Applications; Electronics and Integrated Circuits, Embedded Technology and Applications; Measurements, Testing, Monitoring, Analysis and Methodology; Signal and Image Processing, Data Mining and Computational Mathematics; Communication, Networks and Information Technologies; Traffic and Transportation; Civil, Construction, Mining and Energy; Earth Science and Environmental Engineering; Biomedical Engineering; Product Design, Planning, Projects Management and Industrial Engineering.

We would like to thank the Shandong University(Weihai). The members of Program committee and Reviewers have worked hard in reviewing and making valuable suggestion for the authors which would have certainly helped the authors to further sharpen their technical knowledge. We also express special thanks to TTP publisher.
