

Preface

It is our pleasure to welcome you to the 2015 International Conference on Mechanical, Electronic and Information Technology Engineering (ICMITE2015) in Chongqing, China. ICMITE 2015 is dedicated to issues related to Mechanical Engineering, Mechatronics Automation and Control, Intelligent Systems, Electronic and Embedded Systems, Applied Mathematics, Computational Methods and Algorithms, Data, Image and Signal Processing, Identification, Instrumentation, Measurement, Monitoring Technologies, Information Technology, Networks and Computer Sciences. A major goal and feature of it is to bring academic scientists, engineers, industry researchers together to exchange and share their experiences and research results, and discuss the practical challenges encountered and the solutions adopted.

We hope you will have a technically rewarding experience, and use this occasion to meet old friends and make many new ones. Don't miss the opportunity to explore in Chongqing, China. And don't forget to take a sample of the many and diverse attractions in the rest of the China.

During the organization course, we have got help from different people, different departments, and different institutions. We would like to thank the organization staff, the members of the program committees and reviewers. They have worked very hard in reviewing papers and making valuable suggestions for the authors to improve their work. We also would like to express our gratitude to the external reviewers, for providing extra helps in the review process, and the authors for contributing their research result to the conference. Special thanks to Mr. Thomas Wohlbier and Trans Tech Publications for their kind and enthusiastic help and support for our conference.

I hope and believe that everybody here will have an academic enjoyment during this conference in Chongqing.

We look forward to seeing all of you next year at the conference.
