

Preface

This special issue is a collection of articles by the Algerian researchers and their international partners addressing the analysis of research results, engineering solutions, and actual problems in renewable energy technologies such as solar and wind energy, and also processes of heat and mass transfer in thermal systems.

Sincere thanks to all the authors for sharing their valuable research findings and all of the reviewers who took the time to read and comment on the papers.

Sincerely,

Editors

Prof. Harrouz Abdelkader.

Prof. Fateh Mebarek-Oudina.

Dr. Djamel Belatrache.
