

Preface

Dear Distinguished Delegates and Guests,

The Organizing Committee of ICEIM 2014 warmly welcomes you to the 2014 3rd International Conference on Engineering and Innovative Materials (ICEIM 2014), held on September 4-5, 2014 in Kuala Lumpur, Malaysia. ICEIM 2014 is sponsored by International Academy of Computer Technology (IACT).

The conference is aimed at providing a platform for all of you to present leading-edge work in the fields of Engineering and Innovative Materials. More than 100 papers were submitted to ICEIM 2014 and only 50 papers are accepted for the conference after peer reviewed by reviewers drawn from the scientific committee, external reviewers and editorial board depending on the subject matter of the paper. Reviewing and initial selection were undertaken electronically. After the peer-review process, the submitted papers were selected on the basis of originality, significance, and clarity for the purpose of the conference. The selected papers and additional late-breaking contributions to be presented as lectures will make an exciting technical program. The conference program is extremely rich, featuring high-impact presentations.

The proceeding records the fully refereed papers presented at the conference. The main conference themes and tracks are Engineering and Innovative Materials. The main goal of ICEIM 2014 is also to provide international scientific forums for exchange of new ideas focus on Engineering and Innovative Materials.

We would like to thank the program chairs, organization staff, and the members of the program committees for their work. Thanks also go to all those who have contributed to the success of ICEIM 2014. Hopefully, all participants and other interested readers benefit scientifically from the proceedings and also find it stimulating in the process. We hope all of you have a unique, rewarding and enjoyable week at ICEIM 2014 in Kuala Lumpur, Malaysia.

With our warmest regards,

Prof. Axel Sikora, University of Applied Sciences Offenburg, Germany
