

Preface

2014 3rd International Conference on Mechanical Engineering and Materials (ICMEM 2014) will be held on November 5-6 2014, Singapore, Singapore. 2013 2nd International Conference on Mechanical Engineering and Materials (ICMEM 2013) has been held on January 27-29, 2013, Sanya, China very successfully. ICMEM 2013 all the papers has been indexed by EI Compendex.

Singapore is one of the world's leading commercial hubs, with the fourth-biggest financial centre and one of the five busiest ports. In terms of purchasing power parity, Singapore has the third-highest per capita income in the world. It ranks high in international rankings of education, healthcare, government transparency, and economic competitiveness.

ICMEM 2014 will be the most comprehensive conference focused on the various aspects of Mechanical Engineering and Materials. Our conference provides a chance for academic and industry professionals to discuss recent progress in the area of Mechanical Engineering and Materials.

The goal of this conference is to bring together the researchers from academia and industry as well as practitioners to share ideas, problems and solutions relating to the multifaceted aspects of Mechanical Engineering and Materials. The complete list of topics is updating. Please check the Call for Papers section.

ICMEM 2014 is co-sponsored by Information Engineering Research Institute, USA and Academic Conference Institute, USA

All accepted papers from ICMEM 2014 will also be published on international journal Advanced Materials Research (ISSN:1022-6680), and will be submitted for indexing by the major academic databases, including EI Compendex, Thomson ISI (ISTP) , and other indexing services. The full text is online available via platform www.scientific.net.

We hope that AMSE 2014 will be successful and enjoyable to all participants. And all attendees of ICMEM 2014 have an enjoyable scientific gathering in Singapore, Singapore. We look forward to seeing all of you next year.
