

Preface

The XIth International Conference “Prospects of Fundamental Sciences Development” (PFSD-2014) was jointly organized by Tomsk Polytechnic University, Tomsk State University, Tomsk State University of Architecture and Building, and Tomsk State University of Control Systems and Radioelectronics in April 22-25, 2014, Tomsk, Russia.

The conference had gathered young researchers, post-doc and students, and experienced researchers working in materials science, physical chemistry, nanotechnologies, radiation techniques, construction engineering, mathematical modeling, and information technologies in order to facilitate aggregation and sharing interests and results for a better collaboration and activity visibility.

The topics of the Conference were: (1) Physics: accelerator physics, condensed state physics, surface physics, the physical basis of radiation, electric discharge and plasma technologies, hydrogen energy, geophysics; (2) Chemistry: solid state chemistry, novel materials, physical-chemical methods in ecology, petroleum chemistry, and ecology, organic synthesis, biotechnology, catalysis; (3) Mathematics: mathematical modeling and data analysis, mathematical methods in physics, chemistry, biophysics, biology, economics, ecobiology, ecogeology, medicine, psychology, mathematical logic and applications, computational mathematics, differential equations; (4) Nanomaterials and Nanotechnology: nanomaterials synthesis, physical, chemical and biological properties of the nanoparticles, and methods of diagnosis and research of nanomaterials, metal-, plastic, carbon and composite nanomaterials, application of nanomaterials; (5) Technology: architecture and construction, electrical engineering, optics, geo-engineering, mechanics; and (6) Information Technologies and Electronics: intellectual control systems, automated information processing systems; information security; radar, radio communications, radiometry; microwave electronics, optoelectronics and photonics; intellectual power electronics and.

We want to thank the Organizing Committee, the Universities and Sponsors supporting the conference, and everyone who contributed to the organization of this meeting, for their contribution towards the conference and for their contributions to this proceeding.

The Organizing Committee of PFSD-2014

Editors:

Prof. Irina Kurzina, Tomsk State University, Russia

Dr. Anna Godymchuk, Tomsk Polytechnic University, Russia

XI International Conference
“Prospects of Fundamental Sciences Development” (PFSD-2014)
April 22-25, 2014, Tomsk, Russia

Conference Organization

Co-Chairmen

Prof. Irina Kurzina, Tomsk State University, Russia
Dr. Gulnara Voronova, Tomsk Polytechnic University, Russia

International Scientific Committee

Prof. Ugo Bardi, Dipartimento Di Chimica - Universita' di Firenze, Italy
Prof. Andrey Boronin, Boreskov Institute of Catalysis SB RAS, Russia
Prof. Zahar Boumerzoug, University of Biskra, Algeria
Prof. Vladimir Golovanevskiy, Mining Curtin University, Australia
Prof. Olga Vodyankina, Tomsk State University, Russia
Prof. Alexandr Glezer, Kurdyumov Institute for Metal Physics and Functional Materials, Russia
Prof. Konstantin Yeltsov, Prokhorov General Physics Institute RAS, Russia
Prof. Oleg Dolmatov, Tomsk Polytechnic University, Russia
Prof. Konstantin Eltcov, Prokhorov General Physics Institute RAS, Russia
Prof. Alexey Yakovlev, Tomsk Polytechnic University, Russia
Prof. Alexander Shelupanov, Tomsk State University of Control Systems and Radioelectronics, Russia
Prof. Eduard Kozlov, Tomsk State University of Architecture and Building, Russia
Prof. Alexey Pestryakov, Tomsk Polytechnic University, Russia
Prof. Nina Koneva, Tomsk State University of Architecture and Building, Russia
Prof., Nikolay Malyutin, Head of Scientific Management, Tomsk State University of Control Systems and Radioelectronics, Russia
Prof. Svetlana Kolupaeva, Tomsk State University of Architecture and Building, Russia
Prof. Larisa Kurina, Tomsk State University, Russia
Prof. Vladimir Lopatin, Tomsk Polytechnic University, Russia
Prof. Vladimir Pichugin, Tomsk Polytechnic University, Russia
Prof. Konstantin Arefyev, Tomsk Polytechnic University, Russia
Prof. Yury Slizhov, Tomsk State University, Russia
Prof. Yury Tyurin, Tomsk Polytechnic University, Russia
Prof. Vasily Plevkov, Tomsk State University of Architecture and Building, Russia
Prof. Ivan Tschernov, Tomsk Polytechnic University, Russia
Prof. Anna Yankovskaya, Tomsk State University of Architecture and Building, Russia
Dr. Cadete Santos Aires, Institut de Recherches sur la Catalyse, France
Dr. Yury Tsoy, Image Mining Group, Institut Pasteur, Korea
Dr. Dmitry Zykov, Tomsk State University of Control Systems and Radioelectronics, Russia
Dr. Alexey Tskhe, Tomsk State University of Architecture and Building, Russia
Dr. Nina Metalnikova, Tomsk Polytechnic University, Russia
Dr. Mikhail Semenov, Tomsk Polytechnic University, Russia
Dr. Aleksandr Medovnik, Tomsk State University of Control Systems and Radioelectronics, Russia
Dr. Anna Godymchuk, Tomsk Polytechnic University, Russia
Dr. Andrey Ustinov, Tomsk State University of Architecture and Building, Russia
Dr. Roman Surmenev, Tomsk Polytechnic University, Russia
Dr. Elena Vaitulevich, Tomsk Polytechnic University, Russia
Dr. Alexander Klimov, Tomsk State University of Control Systems and Radioelectronics, Russia
Dr. Elena Nikonenko, Tomsk State University of Architecture and Building, Russia
Dr. Natalia Kosova, Tomsk State University, Russia
Dr. Olga Litvinova, Tomsk State University of Architecture and Building, Russia
