PREFACE

2010 International Conference of Environment Materials and Environment Management (EMEM 2010) is launched by Northeast Forestry University and Information Technology & Industrial Engineering Research Center. It is the most international academic conference per year in environment materials and environment management area. The main aim is to provide an academic platform to exchange experience and production for researchers in the fields of environment materials and environment management. The conference will be held on **July 24 - 25, 2010** in Harbin, China.

In this conference, we had received 985 submissions from 6 countries and regions. Each of the papers was reviewed carefully by two famous specialists in this field. After received the revised papers on the basis of the specialists’ advice, finally we collected 502 papers into the proceedings. In addition to the regular publications of the papers, we have also invited several specialists and scholars in this field to make keynote speech at the conference.

We would like to take this opportunity to express our thanks to the individuals and organizations for their efforts to serve the conference. We’d like to extend our thanks to members of academic committee for their effort to the conference; especially, we’d like to thank to members of organizing committee for their hard working; finally, we would like to express our appreciations to the participants of this conference.

**Jun, Shen**  
Chairman of EMEM2010  
**Zhenyu, Du**  
Chairman of Publication Committee
