

## Preface

The 3<sup>rd</sup> ICAMEST 2017 was an annual international conference on Advanced Material and Engineering Structural Technology (ICAMEST 2017) and took place in Nanjing, China, on November 17-19, 2017.

The conference program covered invited, oral, and poster presentations from scientists to establish platforms for collaborative research projects. This conference brought together leaders from industry and academia to exchange and share their experiences, present research results, explore collaborations and to spark new ideas, with the aim of developing new projects and exploiting new technology.

The committee of ICAMEST expresses their sincere thanks to all authors for their high-quality research papers and careful presentations. All reviewers are also thanked for their careful comments and advices. Thanks are finally given to Trans Tech Publication as well for producing this volume.

The Organizing Committee of ICAMEST 2017

Committee Chair

Prof. Iman Mansouri

Incheon Disaster Prevention Research Center &

Assistant Professor in Structural Engineering

Birjand University of Technology

# Committees

## Organizer

Prof. I. Mansouri      Incheon Disaster Prevention Research Center  
Assistant Professor in Structural Engineering  
Birjand University of Technology

## Associate Editors

Prof. I. Mansouri      Incheon Disaster Prevention Research Center  
Assistant Professor in Structural Engineering  
Birjand University of Technology

Prof. D.K. Kim      Dong-A University  
Dept. of Architectural Engineering

## Technical Committee

Prof. J.W. Jung      Louisiana State University  
Dept. of Civil and Environmental Engineering

Dr. H.M. Son      Incheon National University  
Dept. of Civil and Environmental Engineering

Dr. K.H. Moon      Korea Expressway Corporation, Corporate strategy &  
Policy research division

# Sponsors

Incheon Disaster Prevention Research Center (IDPRC)

Recently, various efforts to prevent and prepare are vitally needed for prevention of Disasters and calamities. So we understand the necessity for technology of disaster and we built up the Incheon Disaster Prevention Research Center (IDPRC) in Incheon National University (INU) in 1997.

Accordingly Incheon Disaster Prevention Research Center (IDPRC) in Incheon National University has progressed of research on the prevention of disasters and calamities through the various seminars, conference and lectures. These research could be conducted cooperation with Incheon National University (INU) in various fields structure, soil, hydraulic and environment.

Incheon Disaster Prevention Research Center (IDPRC) will try to be a leader in the disaster of industry through the various research activities and global conference.
