

# Table of Contents

## Preface

## Chapter 1: Steel and Alloys

<b>Optimization of Process Parameters for End Milling Operation on EN-31 Using Taguchi-Grey Relation</b>	
G. Pranavkumar, Y. Sruthikkumar, K. Ramakrishna, K.R. Naik, R. Karthikeyan and A. Punitha	3
<b>Experimental Study on Effect of Process Characteristics during Electronic Discharge Machining of Titanium Alloy Using Multi Hole Tool Electrode</b>	
T. Nirajan, B. Singaravel, S.S. Raju, J.A. Ram and K.S. Reddy	15
<b>Optimization of Laser Beam Machining Process Parameters of HSLA Steel Using MOORA</b>	
D.V. Praveen, P. Umamaheswarrao, A. Suresh, S. Musharaf, S. Praveen, S.P. Abdulla and T.S. Kumar	23
<b>The Finite Element Analysis on the Effects of Overlapping Rate in Low-Energy Laser Shock Peening</b>	
E.W. Qin, W.L. Li, F.F. Shi, Y.J. Que, Y. Wang, Z.S. Wang and G.L. Shi	33
<b>Mechanical Characteristics of Structural Thick Plates Depending on Vacuum Time of RH Process</b>	
K.H. Shin, B.C. Choi and K.W. Nam	45

## Chapter 2: Coatings and Surface Treatment

<b>Modeling Temperature of Contact Generated in Coatings of Pure Alumina Ceramic onto Low Carbon Steel Type 1.0060 Obtained by the Thermal Spraying Process</b>	
R. Younes, Y. Mouadji, H. Touati and M.A. Bradai	59
<b>Fabrication of Microcolumn Arrays Using Through-Mask Electrochemical Micromachining on the 42CrMo Alloy Steel</b>	
J.N. Zhou, Z.Q. Liu, D.L. Chen, N.M. Lin and H.H. Wang	73
<b>Study and Investigation of Microbial Influenced Corrosion Effect for Performance Analysis of Vortex Tube on Stainless Steel with and without Coating</b>	
G. Suresh, T. Vinod Kumar and E. Ananda Kumar	87

## Chapter 3: Functional Nanomaterials

<b>Structural and Dielectric Properties of ‘Mg’ Doped M-Type Strontium Hexa-Ferrites (<math>\text{SrFe}_{12}\text{O}_{19}</math>) Synthesized via Sol-Gel Method</b>	
A. Saifdar, R. Ali, A. Shahzad and J. Mishal	97
<b>Influence of the Lateral Electrostatic Field on the Statistical Distribution of Charge Carriers in a Cylindrical Nanolayer of <math>\beta</math>-HgS</b>	
V.A. Harutyunyan	113

## Chapter 4: Materials and Structural Elements in Construction

<b>Durability of Raw Earth Blocks Reinforced with Wheat Straw Fibers</b>	
M. Messis, N.E. Bouhamou and A. Benaisa	131
<b>Ductile Behaviour of Fiber Reinforced Self Compacting Concrete Beam with Alternative Detailing</b>	
P. Kaliraj, S.H. Masthan Ali, D. Ayyanar, K. Rajendrakani and V.S. Paulraj	149
<b>Mechanical Behaviour of Geopolymer Concrete Using Steel Fibers</b>	
D. Ayyanar, S.H. Masthan Ali, P. Kaliraj, V.S. Paulraj and K. Rajendrakani	159

## **Chapter 5: Bio-Waste Processing**

**Molecular Modelling and Characterization of Metal Incorporated Biochar from Industrial Wastes**

N.P. Ansab, R. Ranjana and R. Anjana

171
