Committee

Honor Chairs
Prof. Chen Bin, Beijing Normal University, China
Prof. G.Q. Chen, Peking University, China
Prof. Hu Chen, Peking University, China
Chunhua Tan, Beijing Normal University, China
Helen Zhang, University of Munich, China

Program Committee Chairs
Xiong Huang, International Science & Education Researcher Association, China
LiDing, International Science & Education Researcher Association, China
Zhihua Xu, International Science & Education Researcher Association, China

Organizing Chair
ZongMing Tu, Beijing Gireida Education Co.Ltd, China
Jijun Wang, Beijing Spon Technology Research Institution, China
Quanxiang, Beijing Prophet Science and Education Research Center, China

Publication Chair
Zhihua Xu, International Science & Education Researcher Association, China
Sally Wang, Beijing Normal University, China

International Committees
Sally Wang, Beijing normal university, China
LiLi, Dongguan University of Technology, China
BingXiao, Anhui university, China
Z. L. Wang, Wuhan university, China
Moon Seho, Hoseo University, Korea
Kongel Arearak, Suranaree University of Technology, Thailand
Zhihua Xu, International Science & Education Researcher Association, China
Xiangrong Jiang, Wuhan University of Technology, China
LiHu, Linguistic and Linguistic Education Association, China
Moon Hyan, Sungkyunkwan University, Korea
Guangwen, South China University of Technology, China
Jack.H. Li, George Mason University, USA
Marry. Y. Feng, University of Technology Sydney, Australia
Li Hu, Wuhan University of Science and Technology, China
ZhongYan, Wuhan University of Science and Technology, China
Haiquan Huang, Hubei University of Technology, China
Xiao Bing, Wuhan University, China
Brown Wu, Sun Yat-Sen University, China

International Science & Education Researcher Association, China
Beijing Spon Research Institution
Preface

International Science& Education Researcher Association (ISER) is an non-profit public organization made up of some educators, some education-researchers, some academic exchanging scholars and some project-researchers willingly around the world. The association puts her focus on studying and exchanging academic achievements of international teaching and scientific research, and she also promotes education reform in the world. In addition, she serves herself on academic discussion and communication too, which is beneficial for education and scientific research. Thus it will stimulate the research interests of all researchers to stir up academic resonance.

MEMC2011 is a comprehensive conference which also includes some excellent academic achievements of ITEE2011 and IEMC2011. Therefore, it is an integrated conference concentrating its focus upon Engineering Materials, Information Technology, Energy, Management and Control. In the proceeding, you can learn much more knowledge about Engineering Materials, Energy, Management and Control of researchers all around the world. The main role of the proceeding is to be used as an exchange pillar for researchers who are working in the mentioned field. In order to meet high standard of Advanced Materials Research, the organization committee has made their efforts to do the following things. Firstly, poor quality paper has been refused after reviewing course by anonymous referee experts. Secondly, periodically review meetings have been held around the reviewers about five times for exchanging reviewing suggestions. Finally, the conference organization had several preliminary sessions before the conference. Through efforts of different people and departments, the conference will be successful and fruitful.

MEMC2011(ITEE2011&IEMC2011) is co-sponsored by International Science & Education Researcher Association, Beijing Spon Research Institution, Beijing, China, Beijing Gireida Education Co.Ltd. The goal of the conference is to provide researchers from Engineering Materials, Energy, Management and Control based on modern information technology with a free exchanging forum to share the new ideas, new innovation and solutions with each other. In addition, the conference organizer will invite some famous keynote speaker to deliver their speech in the conference. All participants will have chance to discuss with the speakers face to face, which is very helpful for participants.

During the organization course, we have got help from different people, different departments, different institutions. Here, we would like to show our first sincere thanks to Mr. Thomas Wohlbier and Trans Tech Publications for their kind and enthusiastic help and support for our conference. Secondly, the authors should be thanked too for their enthusiastic writing attitudes toward their papers. Thirdly, all members of program chairs, reviewers and program committees should also be appreciated for their hard work.

In a word, it is the different team efforts that they make our conference be successful on 22-23, January, Beijing, China. We hope that all of participants can give us good suggestions to improve our working efficiency and service in the future. And we also hope to get your supporting all the way. Next year, In 2012, we look forward to seeing all of you at MEMC2012.

January, 2011

Zhihua Xu in Beijing
