

Preface

The organizing committee sincerely invite you to attend 2012 International Conference on Manufacturing Engineering and Technology for Manufacturing Growth (METMG 2012) which will be held on November 1-2, 2012, San Diego, USA.

METMG 2012 will be the most comprehensive Conference focused on the various aspects of advances in Manufacturing Engineering and Technology for Manufacturing Growth. Our Conference provides a chance for academic and industry professionals to discuss recent progress in the area of Manufacturing Engineering and Technology for Manufacturing Growth.

The goal of this Conference is to bring together the researchers from academia and industry as well as practitioners to share ideas, problems and solutions relating to the multifaceted aspects of Manufacturing Engineering and Technology for Manufacturing Growth.

San Diego, the eighth-largest city in the United States of America and second-largest city in California, is often referred to as “America’s Finest City”. The city is located on the coast of the Pacific Ocean in Southern California and southwest of United States, immediately adjacent to the Mexican border. Being on two protected bays, San Diego Bay, which is separated from the sea by Point Loma and by Coronado Island/North Island, and the multi-lobed Mission Bay north of the San Diego River, San Diego has become an important port. It is the biggest American naval base after Norfolk. The equitable warm and dry climate and the beautiful and fertile surrounding countryside (oranges, tomatoes, avocados, fruit and vegetables) make San Diego a popular place in which to live. We wish every attendee can enjoy the conference as well as enjoy the city.

We would like to thank the organization staff, the members of the program committees and reviewers. They have worked very hard in reviewing papers and making valuable suggestions for the authors to improve their work. We also would like to express our gratitude to the external reviewers, for providing extra helps in the review process, and the authors for contributing their research result to the conference. Special thanks go to TTP Publisher.

We hope that METMG 2012 will be successful and enjoyable to all participants. And all attendees of METMG 2012 have an enjoyable scientific gathering in San Diego, USA. We look forward to seeing all of you next year at the METMG 2013.

Thanks&Best Regards!

Dayun Xu

METMG2012 Organizing Committee

Keynote Speaker Chairs

Andrew Hunter, Kuala Lumpur ACM Chapter, Malaysia
Gerald Schaefer, Loughborough University, UK

Scholarship Committee Chairs

Zhang Wei, Southwestern University of Finance and Economics, China
Jiang Libo, Nanchang University, China

Program Committee Chairs

Dehuai Yang, Huzhong Normal University, China
Wensong Hu, Nanchang University, China

Publication Chair

Dayun Xu, Yangtze University, China

International Committees

David Lee, American Applied Sciences Research Institute, USA
Wei Deng, American Applied Sciences Research Institute, USA
Ping He, Dalian Maritime University, China
Wei Liu, Wuhan University, China
Jori Andrea, Universitat de Barcelona, Spain
Min Zhu, Nanchang University, China
Andrew Hunter, Kuala Lumpur ACM Chapter, Malaysia
Gerald Schaefer, Loughborough University
Dehuai Yang, Huazhong Normal University, China
Wensong Hu, Nanchang University, China
Yuanzhi Wang, Anqing Teachers' University, China
Junwu Zhu, University of Western Sydney, Australia
Minli Dai, Suzhou University, China
