

Preface

2013 2nd International Conference on Manufacture Engineering, Quality and Production System (ICMEQP 2013) will be held on Feb 27-28, 2013, Hong Kong.

The proceedings of ICMEQP2013 include more than 150 excellent papers selected from more than 250 submitted paper(s) whose authors involved at least countries and areas such as Algeria, Austria, Belgium, China, Hong Kong, India, Iran, Islamic Republic of Korea, Republic of Malaysia, Mexico, Pakistan, Poland, Russian Federation, Saudi Arabia, Slovakia, Taiwan, Thailand, Tunisia, Ukraine, United Kingdom, United States.

The goal of this conference is to bring together the researchers from academia and industry as well as practitioners to share ideas, problems and solutions relating to the multifaceted aspects of Manufacture Engineering, Quality and Production.

Behalf of the authors, (associated) professors from several countries and areas have made their excellent oral presentation about industry manufacturing technology and application, which give much more ideas for the researchers in the conferences. Other authors participated the harangues for their viewpoints divided into several sessions by topics such as New Materials and Advanced Materials, Material Processing Technology, Product Design and Manufacturing Technology, Automation and Mechatronics.

Much of the credit of the success of the conference is due to topic coordinators who have devoted their expertise and experience in promoting and in general co-ordination of the activities for the organization and operation of the conference. The coordinators of various session topics have devoted a considerable time and energy in soliciting papers from relevant researchers for presentation at the conference. the Committee expresses sincere appreciation for their involvement.

The reviewers of the manuscripts, those by tradition would remain anonymous, have been very helpful in efficiently reviewing the manuscripts, providing valuable comments well within the time allotted to them. The Editors express their sincere and grateful thanks to all reviewers.

Finally, our sincere thanks to the support from technology program committee for designing the conference web page and also spending countless days in preparing the final conference program in time for printing. Many thanks to Miss Han: ICMEQP2013 secretary for arranging to type a large number of the invitation letters and for establishing the vast ICMEQP2013 conference address data base. Sincere thanks to our organization committee for their several months' hard work in sorting out manuscripts from various authors. Also thanks to other staffs assisting in the various stage of the editorial work, especially the international committees of our conference
