

Preface

On behalf of 2013 International Conference on Material Science and Engineering (ICMSE2013) Organizing Committee, we would like to welcome you to Guilin, China to participate in the 2013 International Conference on Material Science and Engineering.

The ICMSE2013 is one of the leading international conferences for presenting novel and fundamental advances in the fields of material science and engineering. The idea of the conference is for the scientists, scholars, engineers and students from the universities all around the world and the industry to present ongoing research activities, and hence to foster research relations between the universities and the industry. This conference provides opportunities for the delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners for future collaboration.

This volume of proceedings tends to collect the up-to-date, comprehensive and worldwide state-of-art knowledge on material science and engineering, including Energy and Environment Materials, Structural Materials, Functional Materials, Nano-scale and Amorphous Materials, Materials Processing and Genomic Engineering, Biomaterials and Healthcare, Electronic Materials, Optical Materials, Magnetic and Spintronic Materials, and Carbon-based materials. All of accepted papers were subjected to strict peer-reviewing by 2-4 expert referees. The papers have been selected for this volume because of quality and the relevance to the conference. We hope this volume will not only provide the readers a broad overview of the latest research results on material science and engineering, but also provide the readers a valuable summary and reference in these fields.

ICMSE2013 would like to express our sincere appreciations to all authors for their contributions to this volume. We would like to extend our thanks to all the referees for their constructive comments on all papers; especially, we would like to thank to organizing committee for their hard working.

The organizing committee of ICMSE2013

2013 International Conference on Material Science and Engineering (ICMSE2013)

Organizing Committee

General Chairs

Dr. Qingzhou Xu, Morehead State University, USA

Technical Program Committee

Dr. Gabriel Alungbe, University of Cincinnati, USA

Dr. Qian Lv, Western Digital Inc., USA

Dr. Mingsi Su, Lanzhou University, China

Dr. Wei Li, Jinan University, China

Dr. Tan Li, Huazhong University of Science and Technology, China

Dr. Xiao Fu, China University of Science and Technology, China

Dr. Fuling Zhang, Hunan University, China

Dr. Yuejun Zhao, Hubei University of Technology, China

Dr. Xuzhong Li, Xi'an Jiaotong University, China

Dr. Bo Yan, Zhejiang University, China

Dr. Nan Wu, Purdue University, USA

Dr. Yanbin Li, Guannxi University, China

Dr. Dongmei Yang, China University of Petroleum, China

Dr. Tianhui Ruo, Shengzheng University, China

Dr. Yibin Song, Jilin University, China

Dr. Yong Xu, Quzhou University, China

Dr. Huazhou Liu, Google Inc, USA

Dr. Qing Qin, Beihang University, China

Dr. Fan Wang, Changsha University of Science and Technology, China

Dr. Xiaoping Xu, Wuhan Institute of Technology, China

Dr. Xiaohua Jia, Hongkong University, China

Dr. Dejiang Zhang, Xinjiang University, China

Dr.Yun Wang, Hainan University, China

Dr.Jiahui Zhang, Shaoxin University, China

Dr.Chunli Zhang, Xiangtan University, China
