

Preface

2014 the 3rd International Conference on Chemical Engineering, Metallurgical Engineering and Metallic Materials (CMMM) will be held in Guilin, China, during June 20-21, 2014, The conference aims mainly at promoting the development of Chemical Engineering, Materials, Metallurgical and Environmental Engineering, strengthening the international academic cooperation and communications, and exchanging research ideas.

In this conference, we received more than 500 submissions from email and electronic submission system, which were reviewed by international experts, and about 199 papers have been selected for presentation, representing 9 national and international organizations. I think CMMM 2014 will be the most comprehensive Conference focused on the Chemical, Materials, Metallurgical and Environmental Engineering. We believe the proceedings will provide the readers a broad overview of the latest advances in the field of Chemical, Metallurgical and Materials Engineering.

On behalf of the guest editors for this conference proceeding, we would like to thank the National 863 Program of China, National Science Fund of China. We also thank the conference organization staff, and the members of International Technological Committees for their hard work. Dr. Thomas Wohlbier, Managing Editor of Journal of Advanced Materials Research, is greatly acknowledged.

We hope that CMMM 2014 will be successful and enjoyable to all participants. We look forward to seeing all of you next year at the CMMM 2015.
