

Table of Contents

Preface

Chapter 1: Machine Design

A Review of Ball Bearings Fault Size Estimation (FSE), Fault Degradation Estimation (FDE), and Artificial Intelligence Based Approaches during Prognosis H. Hlatshwayo, N. Madushele and N.A. Ahmed	3
Improving the Performance of an Axial Flow Pump: An Overview M.P. Moifatswane, N. Madushele and N.A. Ahmed	15

Chapter 2: Technologies of Environmental Engineering and Bioprocessing

Production, Physicochemical and Organoleptic Evaluation of Bread Made from Composite Wheat-Cassava Flour E.F. Obojiofor, J.O. Okechukwu, E.I. Victor and R. Anikwenze	29
Biocoagulation Efficiency of <i>Corchorus olitorius</i> L. (Jute) Seed Powder in Water Purification S. Bala and D.B. Adie	37
Development of a Model for Evaluating the Disaster Risk Around a Pier due to Local Scouring Based on the Observed Weather Information T. Kadono, S. Okazaki, Y. Kajitani and M. Ishizuka	49
Modified Clay Filters for Purification of Petroleum Products Contaminated Water K.R. Mofokeng, M.F. Yahaya, J.O. Madu, F.N. Chukwudi, S. Ojo and F.V. Adams	55
Assessment of Nexus between Air Pollution, Covid-19 Fatality, Lockdown Measures and Biodiesel Sustainability O. Ogunkunle and N.A. Ahmed	64
Effect of Temperature on Calcium Carbonate Precipitation in Biomimetic Calcium Chloride Solution I.N.M.R. Fatheen, C.H. Syuhani, H. Fazlena, N.M.R. Miradatul and H. Veny	76

Chapter 3: Materials and Technologies in Construction

Effect of Potassium Hydroxide on Geotechnical Properties of Biomass Fuel Ash Stabilized Lateritic Soil J.A. Ige	85
Effects of Water Cement Ratio on Strengths Characteristics of Concrete Produced with Recycled Iron and Steel Slag (RISS) Aggregate A.A. Raheem, O.A. Olowu, A.A. Hungbo and E.O. Ibiwoye	97
Effects of Granite Sourced from Selected Locations in Ogbomoso, Nigeria on the Properties of Concrete A.A. Raheem, B.D. Ikotun and S.O. Akinloye	113
Heat Transfer under a Flow of the Highly Viscous Crude Oil in a Buried Oil Pipeline A. Kadyirov, J. Karaeva and E. Vachagina	122
Prospects of Calcined Clay Pozzolan and Hydraulic Lime in Built Industry R.B. Lawal, H.A. Quadri, W.O. Makinde and C.N. Akanya	129
Digital Image Correlation Analysis of Corrosion Crack Behavior in a Reinforced Concrete Member S. Kato, S. Fujimura, S. Okazaki, M. Kurumatani and M. Matsushima	137
Corrosion Studies of Sintered Cobalt-Based Alloys in Sodium Chloride F.V. Adams, R.A. Moloto, S.O. Akinwamide and P.A. Olubambi	144

Chapter 4: Information and Communication Technologies

A Systematic Analysis of Mobile Phone Use by Smallholder Farmers in Nigeria C. Anadozie and M. Fonkam	151
Design and Implementation of mHealth App Using Zoho Creator N. Nachandiya, A.A. Ajibesin, O.B. Longe and B.F. Dama	159
Anomaly Detection of Budgetary Allocations Using Machine-Learning-Based Techniques G. Aliyu, I.E. Umar, I.E. Aghiomesi, H.J. Onawola and S. Rakshit	174
Performance of Modulation Techniques over AWGN and Multipath Fading Channels A. Ahmed and A.A. Ajibesin	182
Comparative Analysis of QAM Modulation Techniques over AWGN and Fading Channels T.I. Jirnadu, A.A. Ajibesin and A.T. Ishaq	194

Chapter 5: Engineering and Project Management

Techno-Economic Analysis of Solar e-Cooking Systems for Rural Communities in Nigeria O.E. Diemuodeke, M. Orji, C. Ikechukwu, Y. Mulugetta, Y. Sokona and I.H. Njoku	203
Construction Project Performance: Inhibiting Factors for Stakeholder C. Okoroafor and A.O. Aiyetan	209
An Overview of Low Income Housing Demands Challenges: A Case Study of Nigeria and South Africa G.U. Fayomi and S.E. Mini	215
