

Preface

The 27th International Conference Concrete Days 2020 was held on December 2nd, 2020 in Prague, Czech Republic. The conference was organized by the Czech Concrete Society in Prague.

Participants from Croatia, Germany, Italy, Lithuania, Mexico, the Czech Republic and Slovakia took part, and altogether more than 200 people participated in the on-line conference. Selected scientific papers are published in this international scientific journal.

The published papers present recent research results in the area of modern concretes and concrete structures, discuss properties of concretes, research and design of concrete structures.

The conference organizing committee would like to express thanks to all authors, participants, reviewers, and editors for making this conference successful.
