

# Preface

The 4<sup>th</sup> International Conference on Machining, Materials, and Mechanical Technology (IC3MT) 2022 was held in Taipei, Taiwan, on November 11-14, 2022. This conference has, over the years, established itself as a premier platform for researchers, scholars, engineers, and industry professionals from around the world to converge and engage in insightful discussions about the latest advances and innovations in the fields of machining technology, materials technology, and mechanical technology.

These proceedings of IC3MT 2022 represent a compendium of the collective efforts of the global research community in advancing the boundaries of knowledge in these crucial fields. We extend our heartfelt gratitude to all the authors, reviewers, keynote speakers, and attendees who contributed to the resounding success of IC3MT 2022. It is our fervent hope that the research papers presented in this book will not only serve as valuable references for scholars and practitioners but will also inspire further research and innovation in machining, materials, and mechanical technology.

Conference Chair

The 4<sup>th</sup> International Conference on Machining, Materials, and Mechanical Technology (IC3MT) 2022
