

Table of Contents

Grain Boundary Diffusion and Oxidation Processes J. Philibert	1
Influence of Grain Boundary Diffusion on Thin Film Reactions P. Gas	9
Motion of the Grain Boundary System with the Triple Junctions L.S. Shvindlerman, G. Gottstein, U. Czubyko and V.G. Sursaeva	11
Study of Grain-Boundary Diffusion of Au in Copper within $\Sigma 5$ Misorientation Range in the Context of Structure of Grain Boundaries E. Budke, C. Herzig, S.I. Prokofjev and L.S. Shvindlerman	21
Grain Boundary Diffusion in Polycrystalline Solids with an Arbitrary Grain Size S.V. Divinski	35
Pseudo Type-B Diffusion Regime in Cu Grain Boundaries below 250°C D. Gupta	43
Segregation and Grain Boundary Diffusion in Metals and Elemental Semi-Conductors J. Bernardini	49
Nonlinear Segregation Effects on Grain Boundary Heterodiffusion Extraction of Segregation Term from a Triple Product B.S. Bokstein and A. Ostrovsky	51
Solute Diffusion and Segregation in Grain Boundaries of Silver and Copper T. Surholt, C. Minkwitz and C. Herzig	59
Grain Boundary Diffusion and Stability of the Triple Junctions A.N. Aleshin, W. Gust, E. Rabkin and L.S. Shvindlerman	75
A New Method for Grain Boundary Diffusion Coefficient Measurement R. Le Gall, G. Saindrenan and D. Roptin	85
Complex Atomic-Scale Dynamics in Grain Boundaries in Silicon S.T. Pantelides, A. Maiti, M.F. Chisholm and S.J. Pennycook	95
Relation Between Segregation at Interfaces, Structure and Diffusion in Germanium A. Charaï, A. Rolland and F. Cabané	97
Microscopic Investigation of Surface Segregation in Random Alloys A.Y. Lozovoi, P.A. Korzhavyi and Y.K. Vekilov	107
Segregation, Phase Separation and Grain Boundary Diffusion in Thin Films C. Cserháti, D.L. Beke and I.A. Szabó	121
AES Study of the Mass Transport of Nickel Near Ni / Cu (111) Interface Z. Tôkei, D.L. Beke, J. Bernardini and A. Rolland	129
Grain Boundary Segregation in the Cu-Bi System L.S. Chang, E. Rabkin, B.B. Straumal, S. Hofmann, B. Baretzky and W. Gust	135
Grain Boundary Electromigration in Thin Films: Interface Reaction and Segregation Effects E.E. Glickman	147
Grain Boundary Diffusion, Electromigration and Segregation in Cu and Cu-2wt% Sn Alloy D. Gupta	161
The Effect of Pressure on Grain Boundary Wetting, Segregation and Diffusion W. Łojkowski, E. Rabkin, B.B. Straumal, L.S. Shvindlerman and W. Gust	163
Strain Induced Grain Boundary Premelting due to Heavy Pile-Up of Screw Dislocations in Deformed Copper Bicrystals F. Inoko, T. Okada and T. Yoshikawa	175
Copper Diffusion in Nickel Thin Film under Stresses in the Kinetic Regime 'B' N. Balandina, B.S. Bokstein and A. Ostrovsky	181
Influence of Precipitates on the Grain Boundary Diffusion: A Perturbative Approach N.S. Khader, D.E. Mekki and R.J. Tarento	191
The Manifestations of the Diffusion-Coefficient Distribution Functions of the Grain Boundaries in W and Au Polycrystals M.I. Kurkin, S.M. Klotsman, A.N. Timofeyev and V.V. Dyakin	199

The Study of the Diffusion of ^{57}Co in Polycrystalline Gold at the Upper Boundary of Temperature Interval Ordinarily Used in Intercrystallite Diffusion Investigations	205
N.I. Timofeev, S.M. Klotsman, M.I. Kurkin, V.V. Dyakin and V.K. Rudenko	
Low-Temperature Interdiffusion in Binary and Multilayer Thin Film System	215
S.I. Sidorenko, S.M. Voloshko and M.A. Vasiliev	
Exact Solution of Triple Junction Diffusion Problem	223
V.A. Ivanov, A.S. Ostrovsky, A. Petelin and S. Peteline	
Relaxation Processes in Ultrafine-Grained Copper Processed by Severe Plastic Deformation	229
N.M. Amirkhanov and R.K. Islamgaliev	
Growth and Healing of Voids at Grain Boundary during High Temperature Creep	235
V.S. Gostomelskii	
Mechanisms of Grain Boundary Diffusion in Intermetallic Compounds	243
S.V. Divinski and L.N. Larikov	
Grain Boundary Diffusion in Thin Films under Stress Field in Kinetic Regime 'C'	249
A. Ostrovsky	
Round Table Discussion I: Diffusion in Intermetallics	255
Round Table Discussion II: Grain Boundary Wetting and Liquid Grooving	265
