Preface

Chapter 1: Green Composite Materials

Synthesis of Rice Husk and LDPE Plastic into Functional Materials through Torrefaction Method	
N. Nurulhuda, A.E.E. Putra and H. Arsyad	3
Effect of Partial Perforation on Sugarcane Bagasse Composite on Sound Transmission Loss	
F.S. Musafir, I. Bakri and K. Amar	11
Comparison of Mortar Damping Power with Normal and Burnt Crumb Rubber	
M. Maizi, H. Hartawan, N. Nasruddin and I. Imriyanti	23
Strength Analysis of N219 Seaplane Floats with Aluminium Foam Sandwich Material Using Finite Element Method	
M.S.M. Siming, F. Djamaluddin and I. Renreng	35
Application of Aluminum Foam Based Vibration Dampers in Electric Car Batteries to Improve Performance and Safety	
R. Putrautama, F. Djamaluddin and D.A. Hayat	45

Chapter 2: Engineering Technologies

Performance Analysis of a Biomass Cookstove with Overfire Steam Injection Using Casuarina Equisetifolia Wood as Fuel	
T. Limbongallo, N. Amaliyah and A.E.E. Putra	59
Comparative Study of Coating Results on 316 L Stainless Steel Generator Electrode with rGO Using Plasma, RF Sputtering and High Vacuum Evaporation Methods	
C.H. Prasetyo, A.E.E. Putra and H. Arsyad	71
Attenuation Analysis of Fusion Splicing in Optical Fiber from OTDR Measurement Results	
S. Panggalo, D. Dewiani, S.A. Sri Rezky and R. Pramesti	81
Review of Blockchain-Based Microgrid Network	
S. Syamsuddin, S. Manjang, A.W. Paundu and M.B. Nappu	89

Chapter 3: Geological Engineering

Ni-Co Enrichment of Oxide Type Laterite Deposits in Koninis Area, Banggai Regency, Central Sulawesi Province	
S. Safah, A. Tonggiroh and U.R. Irfan	109
Biostatigraphy of Calcareous Nannofossils in Limestone from Boyong a Section of Tonasa Formation, Jeneponto Regency, South Sulawesi	
M.T. Lewakabessy, M. Farida and M.F. Arifin	121
Petrographic Study of Granitoid Rocks of Latuppa Area, Palopo, South Sulawesi, Indonesia: Implications for Mineralization Style	
S. Sudirman, A. Maulana and H. Umar	131
Geology, Mineralization and Skarn Zonation of Tujulapan Block, an Updates from the Ruwai Polymetallic Skarn Deposit, Central Borneo, Indonesia: Implications to Exploration	
N.A. Nainggolan, A. Tonggiroh and M. Farida	143

Chapter 4: Sustainable Maritime Technologies and Coastal Development

Quality of Port Human Resources at Soekarno Hatta Port Makassar	
R. Rosnani, B. Hamsah, M.S.S. Ali and M.R. Idrus	159

Characteristics of Human Resource Competencies on the Traditional Shipping of South Sulawesi	
O. Sulistiana, T. Rachman, M.Y. Jinca and M.S.S. Ali	171
Economic Condition of Pelra Port Hinterland in Pangkajene Islands Regency of South Sulawesi Island	
N. Nurwahidah, M. Asdar, M.I. Ramli, C. Paotonan and N. Nurwahidah	181
Island Group Maritime Transportation Network Development Policy	
H. Asri, M.Y. Jinca, G. Sitepu and J. Malisan	193
An Analysis of Hazards and Risk Assessment for the Safety of Traditional Ship Navigation in the Waters of Lake Towuti Using the HVA Approach	
F.S. Puriningsih, M.I. Ramli, M.S.S. Ali and J. Malisan	203
The Exit Conditions of Ship Safety Inspectors for Ship Visit Services in Indonesia Reviewed from the Aspects of Adequacy, Qualifications, and Distribution	
H. Setiawan, G. Sitepu, A. Saleng and M.S.S. Ali	215
Dry Port Development Potential in Jeneponto Regency, South Sulawesi Province	
M.A. Shauqy, A.E.E. Putra, N. Aziz and D. Paroka	231
Disaster Mitigation Scheme for Future Tsunami Event at Awerange Port of South Sulawesi	
A.Y. Baeda, C.D. Bulawan and C. Paotonan	245
The Effect of Dual Slope and Roughness of Coastal Building Walls on Wave Run-Up and Run-Down	
H. Musfira, M.A. Thaha and R. Karamma	259

Chapter 5: Construction Management

Investigation of Accidents in Construction Projects Based on Human Factors: A Systematic Literature Review	
R. Pramanda, S.G. Partawi and A. Sudirano	271
Risk Management Analysis of Procurement of Silica Correction Raw Materials Using the House of Risk (HOR) Method: Case Study at PT XYZ	
M.Z. Baso, S. Asmal and M. Rusman	285
Comparative Analysis of Prefabricated and Conventional Construction Methods: A Systematic Review Using PRISMA on Cost, Time, Quality, and Sustainability	
D. Kristanto, B. Hartono and K. Asyiradinta	301

Chapter 6: Urban Planning and Designing

Flood Management in Sinjai Urban Area	
I.M. Abbas, M.P. Hatta and R. Karamma	319
Understanding Spatial Justice and Informal Settlement Spatial Segregation through Urban Structure Perspective	
S.A. Ekawati, I.J. Asmal, N. Nadjmi and S. Amin	325
The Influence of the Pettarani Flyover Toll Road on the Visual Aesthetics of the Makassar City Environment	
A.S.O. Topatola, T. Martosenjoyo and R.A. Ishak	339
Walking Infrastructure in Makassar City	
D.A. Jamaluddin, V.V. Natalia and S. Wunas	351
Demand Analysis for Feeder Service Development in Makassar City	
A. Nabila, V.V. Natalia and S. Wunas	363
Crossing Transportation as an Inter-Island Bridge in the North Sulawesi Islands Region	
S. Hardianto, M.Y. Jinca, J. Jompa, M.Y. Saud and J. Malisan	371
