

Table of Contents

Preface

Chapter 1: Pharmaceutical Chemistry and Biotechnologies

Binding Affinities of Hyptolide and its Derivatives onto HDAC Class IIa Protein from <i>In Silico</i> Analysis L.T.M. Rahayu, P. Siahaan and M. Suzery	3
Expression and Characterization of Recombinant Endo-β-1,4-D-xylanases XynBTN63D from Soil Termite Abdomen in <i>Escherichia coli</i> BL21 (DE3) A.A.I. Ratnadewi, S. Muyasyaroh, F. Harum, W. Handayani and S. Sudarko	13
Screening Multitarget Anticancer Compounds from Salicylic Acid Derivatives: (Without and with Amino Acid Linkage) by <i>In Silico</i> Docking W. Warsito, M. Masruri, S. Murlistyarini, D.P. Pangesti and A.Z. Azhar	23
Biotransformation of Isoeugenol Into Vanillin and its Derivatives Using <i>Pseudomonas aeruginosa</i> as an Enzyme Biocatalyst Agent: Effect of Substrate Concentration and Incubation Time M.H.F. Rahman, E.D. Iftitah, A. Roosdiana and S.E. Wulandari	33

Chapter 2: Wastewater Treatment and Waste Recycling

Preparation of Chitosan Film for Smart Packaging: The Effects of Base on Deacetylation Process D.A. Nastiti, A.T.K. Anwar, A. Sjaifullah, B. Busroni and M. Reza	45
Potential of the Consortium Bacteria as A Domestic Waste Water Bioremediation Agent E.H. Sanjaya, A. Elchamida, D.A.E. Saputri, S. Prabaningtyas, A. Witjoro and E. Susanti	55
Fabrication and Characterization of Cellulose Acetat / N-Methyl Pyrrolidone Membrane for Microplastics Separation in Water Y. Rahmawati, S. Nurkhamidah, A.A. Rahmah and M.A. Rifai	61
