

Table of Contents

Introduction	1
Chapter 1: Discussions between Neuronists and Reticularists	5
Chapter 2: Findings of the Syncytial Fusion in the Nervous System in Animals of Different Species	23
Chapter 3: Neuroglial and Gliogial Membrane Junctions and Syncytial Cytoplasmic Connections	69
Chapter 4: Ultrastructural Conversion Dynamics of Duplicated Biological Membranes in the Nervous System	89
Conclusion	132
References	135
