

Table of Contents

Bioactive Glass Modified Calcium Phosphate Cement with Improved Bioactive Properties: A Potential Material for Dental Pulp-Capping Approaches S. Davaie, S. Shahabi, M. Behroozibakhsh, S. Vali and F. Najafi	1
Bioactive Constituents and Potency of Aqueous-Methanolic Extract of <i>Asclepias syriaca</i> on <i>Plasmodium falciparum</i> Infected Albino Rats A.T. Oladimeji, I.S. Chidi, U.S. Chidiebere, E.K. Oghenenyore, A. Eno, E.T. Chibuike and O.L. Afoma	15
Enhance the Biological Properties of Commercial Pure Titanium with Bioactive Glass Coating by Pulsed Laser Deposition A.A. Mohammed	29
Biomaterial Properties of Femur Implant on Acetabulum Erosion: A Review S.S. Pimpale, M.S. Deshmukh, R.T. Shelke and D.S. Deshmukh	39
Investigation of the Effect of Abutment Angle Tolerance on the Stress Created in the Fixture and Screw in Dental Implants Using Finite Element Analysis B. Mohammadi, Z. Abdoli and E. Anbarzadeh	63
Dynamic Analysis of Lower Limb Exoskeleton Motion and Control Using Differential Transform Method O. Adeleye, T.S. Ekine and A.A. Yinusa	77
Relevant Biophysical Parameters Discrimination along Corticospinal Tract in Patients with Stroke Using Convolutional Neural Networks A. Zeraii, A.B. Slama, L. Rmili, C. Drissi, M. Mars and T. Kraiem	95
Automated Cell Nuclei Segmentation on Cervical Smear Images Using Structure Analysis W.A. Mustafa, L.Z. Wei and K.S.A. Rahman	105
An Improved Denoising of Electrocardiogram Signals Based on Wavelet Thresholding P.N. Malleswari, C. Hima Bindu and K. Satya Prasad	117
Interactive System Based on Leap Motion for 3D Medical Model R.X. Xiao, J.Y. Wang, T. Zhang, K. Meng, L.Q. Cao and H. Ren	131
