Table of Contents

Preface

Chapter 1: Natural and Sustainable Building	Materials
--	-----------

	9
Radiative Cooling Benefits of Materials Applied to the Steel Furnace Slag Use in Asphalt Pavement in a City	15
S.H. Chen and C.H. Huang	
Problems of the Formation of Dangerous Cr(VI) Compounds in Portland Cement and their Elimination Using New Refractories	
S. Logvinkov, O. Borysenko, M. Ivashchenko and O. Maksimenko	23
Chapter 2: Fire-Resistance and Fault Tolerance of Building Materials and Structures	
Modeling the Thermal Effects of Fire on Steel-Reinforced Concrete Slabs with a Corrugated Profile	
S. Fedchenko, O. Nuianzin, V. Stepanenko and S. Vedula	33
Development of Numerical Methods for Determining the Bearing Capacity of Steel Floor Beams under High Temperatures O. Bashynskyi	41
Investigation of Thermal Damage and Structural Weakness in Concrete N. Rashkevich, V. Otrosh, I. Tyshchenko and S. Tsvirkun	49
Chapter 3: Advanced Biomass Applications	
Enhanced Cadmium Adsorption Using Copper-Modified Biomass in Natural Rubber Latex Foam	
N. Sukhawipat, J. Upan, B. Sukkaneewat, Y. Wongnongwa and N. Sosa	61
Lauric Acid Adsorption Using HCl-Enhanced Rice Husk Ash: A Path to Waste Frying Oil Purification F.N. Othman, P.Y. Hoo, A.Z. Abdullah, Q.H. Ng, S.H. Shuit, S.K.E. Ab Rahim and J. Andas	67
Performance Assessment of Alkaline Earth Metal Silicates for Lauric Acid Removal: An Analytical Hierarchy Process (AHP) Approach	07
Z.S. Zainal, P.Y. Hoo, A.L. Ahmad, A.Z. Abdullah, Q.H. Ng, S.H. Shuit, S.K.E. Ab Rahim and J. Andas	73
Biomass Characterization of Bolo (<i>Gigantochloa levis</i>) for Bio-Energy Applications: Proximate Analysis and Calorific Value Variation along the Culm	
C.R.S. Jimenez, C.R. Marqueses, A.R.P. Lapuz and J.K.A. Cruz	79
Chapter 4: Nanotoxicology and Nanosafety	
Comparative Study of PAMAM G4NH2-Ag and G4OH-Ag Nanocomposites on <i>Arthrospira</i> platensis after Various Conditions	
E. Gelagutashvili, T. Giorgadze, V. Bregadze and I. Khutsishvili	89
Influence of G4 Poly(Amidoamine)-Gold Nanocomposites on Arthrospira platensis E. Gelagutashvili, I. Khutsishvili, T. Giorgadze and V. Bregadze	97

Photoregulation of Biosynthetic Activity of Lentinula edodes (Berk.) Pegler Using Colloidal Solutions of Metal Nanoparticles and Low-Intensity Laser Radiation O. Mykchaylova, A. Negriyko, K. Lopatko and N. Poyedinok

105
