

Table of Contents

Preface

Hydrotalcites as Catalysts and Catalysts Precursors for the Synthesis of Biodiesel

I. Reyero, G. Arzamendi and L.M. Gandía 1

Additives for Solid Polymer Electrolytes: The Layered Nanoparticles

S. Si 27

Adsorption of Acid Dyes on Hydrotalcite-Like Anionic Clays

S. Mandal, S. Natarajan, S. Raja, N. Vijayalakshmi, C. Muralidharan and A.B. Mandal 57

Pillared Clay as an Effective Catalyst for Low Temperature VOCs Decomposition

P. Mohapatra, T. Mishra and K.M. Parida 71

Recent Development in Clay Based Functional Coating for Corrosion Protection

T. Mishra, A.K. Mohanty and S.K. Tiwari 93

The Layered Silicate, Montmorillonite (MMT) as a Drug Delivery Carrier

B.D. Kevadiya and H.C. Bajaj 111

Drug Delivery Using Nanosized Layered Double Hydroxide, an Anionic Clay

J. Chakraborty, M. Chakraborty, S. Ghosh and M.K. Mitra 133

Progress in One-Pot Synthesis of Methyl Isobutyl Ketone Using Multifunctional Layered Based Catalysts

N. Das 169

Layered Clay Rubber Composites

R. Wilson, C. Nithin and T. Sabu 197
