

Table of Contents

Preface

Cracking Control for Diaphragm of Long-Span Prestressed Concrete Box Girder Bridge at the Early Age G.D. Li and Z.L. Wang	1
Rapid Assessment Method of Girder Bridge Carrying Capacity Based on Traffic Running Test W.Z. Li, X.M. Huang and Y. Li	11
Prospect Analysis of the Application of BFRP Bar to Bridges S.Y. Zhang and W. Shan	21
Parameter Analysis of Vehicle-Bridge Coupling of Half through CFST Arch Bridge due to Vehicle X.F. Xie and J.W. Ding	31
Design on Dynamic Performance of Highway Bridges to Moving Vehicular Loads Q.F. Gao, Z.L. Wang, B.Q. Guo, H.R. Bu and W. Xiong	43
Dynamic and Mitigation Analysis of Seismic Pounding Effect on Multi-Span Highway Bridges Subjected to Spatial Earthquakes Y. Li, L. Zhao, H. Sun and J.B. Liu	53
Modified Damage Assessment and Repair Design for Underpass Bridge Based on Fire Effect Z.L. Li, H.L. Wu, X.D. Zhu, H.J. Gu, Z.Y. Liu and T. Yin	67
Reliability Prediction of Bridges Based on Monitored Data and Bayesian Dynamic Models X.P. Fan and D.G. Lu	77
Investigation of the Optimal Construction of the One-Cave Tunnel with Double-Arch Section B. Jin, H.Y. Zhao and Y. Liu	85
Reliability Analysis of Two-Dimensional Series Portal-Framed Bridge System Based on Mixed Copula Functions Y.F. Liu and D.G. Lu	95
Review of the Application of Finite Element Model Updating to Civil Structures D.J. Wang, Z.C. Tan, Y. Li and Y. Liu	107
ANSYS-Based Spatial Coupled Vibration Analysis Method of Vehicle-Bridge Interaction System X.Y. Huang, W.D. Zhuo and G.P. Shang	117
Problems and Suggestions of Chinese Highway Bridge Seismic Design X.Y. Gao and S.Y. Zhang	127
Development and Challenge of the Vehicle and Highway Bridges Dynamic Interaction J.F. Liu and Y. Li	135
A Practical Method for the Construction of the Supporting System of Covered Excavation of Metro Station B. Jin, H.Y. Zhao and Y. Liu	151
Safety Assessment of Slant Legged Rigid Frame Bridge Based on Field Testing Y. Li, H.T. Bi, B.H. Li and Y.J. Wang	163
The Ratio Optimization of Side to Main Span in Low-Pylon Cable-Stayed Bridge Based on Yudao River Bridge H.T. Bi and Y. Li	177
Performance Evaluation of a Damaged Bridge by Using the Method Based on Dynamical Characteristic J. Yuan, X. Tang and Y. Liu	185
Development and some Key Issues of Modal Parameter Identification in Bridges G.H. Hu, C. Ma, C.X. Yang and Y. Liu	193
