

Preface

International Conference of Non-Ferrous Metals - Processing and New Materials (ICNFM) was organized by the Faculty of Non-Ferrous Metals of AGH-University of Science and Technology in Cracow, Institute of Non-Ferrous Metals in Gliwice with support of the Foundation of Development and Promotion of Science. The aim of the conference was to establish an effective platform for institutions and industries to share ideas of innovative technology and knowledge. The conference covered wide range of topics in the area of materials engineering, metalworking, metal recycling, precious metals. Over 100 presentations and 30 posters were presented at the conference from which 40% was selected to this issue of Key Engineering Materials. Beside with interesting presentations and discussions the during participant could enjoyed various relaxing options favoring personality and vitality development provided by Gołębiewski Hotel in the pearl of Beskidy Mountains, Wisła. I would like to express gratitude to the organizing and scientific committee, paper reviewers and especially to all participants for their great contribution to the conference success.

I believe that fruitful discussion of the topics presented during the conference will lead to the closer cooperation with respect to research, education and the industry.

On behalf of the organizing committee

Prof. Maria Richert

Dean of the Non-Ferrous Metals Faculty

Chairman of the 1st ICNFM, 4—6 June, 2013

Committees

Chairman

Prof. Maria Richert

Co-Chairmans

Prof. Joanna Karwan-Baczewska

Prof. Wacław Muzykiewicz

Prof. Stanisław Pietrzyk

Prof. Krzysztof Żaba

Organized by

Faculty of Non Ferrous Metals, AGH University of Science and Technology, Poland

Co-organized by

Institute of Non Ferrous Metals, Gliwice, Poland

Foundation of Development and Promotion of Science, Cracow, Poland

Scientific Committee

V. Agarwala, Indian Institute of Technology Roorkee, India

L. Blacha, Silesian University of Technology, Poland

J. Borowski, Metal Forming Institute, Poland

E. Cesari, University of the Balearic Islands, Spain

R. Chamer, Institute of Non-Ferrous Metals Gliwice, Poland

A. Chmielarz, Institute of Non-Ferrous Metals Gliwice, Poland

A. Ciaś, AGH University of Science and Technology, Poland

L. Ciura, Institute of Non-Ferrous Metals Gliwice, Poland

A. Czyrska-Filemonowicz, AGH University of Science and Technology, Poland

B. Dubiel, AGH University of Science and Technology, Poland

H. Dyja, Czestochowa University of Technology, Poland

R. M. Estrella, Michoacan State University, Mexico

K. Fitzner, AGH University of Science and Technology, Poland

W. Gąsior, Institute of Metallurgy and Materials Science, Poland

Z. Gronostajski, Wrocław University of Technology, Poland

F. Grosman, Silesian University of Technology, Poland

E. Guzik, AGH University of Science and Technology, Poland

M. Hardygóra, KGHM Cuprum, Poland

M. Hetmańczyk, Silesian University of Technology, Poland

A. Kalukiewicz, AGH University of Science and Technology, Poland

M. Karbowniczek, AGH University of Science and Technology, Poland

A. Klyszeński, Institute of Non-Ferrous Metals Gliwice, Poland

R. Knosala, Opole University of Technology, Poland

T. Knych, AGH University of Science and Technology, Poland

M. Książek, Foundry Research Institute, Poland

K. J. Kurzydłowski, Warsaw University of Technology, Poland
W. Libura, AGH University of Science and Technology, Poland
J. Lis, AGH University of Science and Technology, Poland
J. Łabaj, Silesian University of Technology, Poland
P. Łebkowski, AGH University of Science and Technology, Poland
K. Matsuura, Hokkaido University, Japan
A. Mazurkiewicz, University of Technology and Humanities in Radom, Poland
W. Misiolek, Lehigh University, USA
J. Mizera, Warsaw University of Technology, Poland
W. Muzykiewicz, AGH University of Science and Technology, Poland
S. Müller, Technical University of Berlin, Germany
M. Niewczas, McMaster University, Canada
Z. Nitkiewicz, Czestochowa University of Technology, Poland
Z. Nowakowski, Poznan University of Technology, Poland
Z. S. Pater, Lublin University of Technology, Poland
S. Pietrzyk, AGH University of Science and Technology, Poland
R. Pippan, University of Leoben, Austria
Z. Rdzawski, Silesian University of Technology, Poland
M. Richert, AGH University of Science and Technology, Poland
M. H. Robert, Universidad de Campinas, Brazil
A. Rosochowski, University of Strathclyde, UK
M. Rosso, Politecnico di Torino, Italy
S. Rusz, VŠB - Technická univerzita Ostrava, Czech Republic
S. Seetharaman, KTH - Royal Institute of Technology, Sweden
J. Sieniawski, Rzeszow University of Technology, Poland
T. Słomka, AGH University of Science and Technology, Poland
J. Smolik, National Research Institute in Radom, Poland
J. J. Sobczak, Foundry Research Institute, Poland
E. Spišák, Technická univerzita v Košiciach, Slovakia
F. Stachowicz, Rzeszow University of Technology, Poland
V. L. Stolyarova, St. Petersburg State University, Russia
Z. Stradomski, Czestochowa University of Technology, Poland
D. Stróż, University of Silesia in Katowice, Poland
J. S. Suchy, AGH University of Science and Technology, Poland
W. Szczypiorski, Hazelett Corporation, USA
Z. Śmieszek, Institute of Non-Ferrous Metals Gliwice, Poland
T. Telejko, AGH University of Science and Technology, Poland
T. Tokarski, AGH University of Science and Technology, Poland
H. Wiśniewska-Weinert, Metal Forming Institute, Poland
M. Woch, Institute of Non-Ferrous Metals Gliwice, Poland
J. Zasadziński, AGH University of Science and Technology, Poland
P. Zięba, Institute of Metallurgy and Materials Science, Poland
K. Żaba, AGH University of Science and Technology, Poland
