

Preface

2017 International Symposium on Material Science and Engineering was held during January 13-15, 2017 in Kuala Lumpur, Malaysia and this book proceeding contains some of the contributions presented at the conference.

The primary objective of ISMSE 2017 is to provide a world class forum for exchange original ideas and new information, latest research and discussing scientific. Also it to bring together academics, scientists, engineers, postgraduates and other professionals in the area of material science and engineering technology from all over the world.

The proceedings introduce to the readers with newest researches results and findings in the field of Material Engineering and Science.

On behalf of the conference organizing committee, we would like to express our sincere appreciation to the keynote speakers, for their excellent and inspirational speeches, the reviewers, for their valuable inputs for improving the scientific content of these papers. We also would like to thank every technical committee member and author who has contributed to the success of the conference.

The Organizing Committee of ISMSE 2017

Committee Chair

Prof. Seungho Hong
