

Preface

This volume is the collection of papers presented at the International Conference and Exhibition on Pharmaceutical Sciences and Technology 2020 (PST 2020) taken place at the College of Pharmacy, Rangsit University, Thailand on 19-20 May 2020 which brought together multidisciplinary researchers from academia, industry and government, and provide valuable opportunities for international networking and knowledge exchange.

The PST 2020 conference provided a forum for discussion and knowledge sharing on the recent discovery and accomplishment in the area of pharmaceutical engineering and pharmaceutical sciences, pharmaceutical materials, nano-products, polymers, cosmetics, and material processing which encourage the innovation development of pharmaceutical materials and technology as well as technology transfer toward researchers and industries.

The conference has attracted a lot of researchers and industry practitioners which almost 200 delegates from the United Kingdom, China, Japan, India, Malaysia, Philippine, Indonesia, Singapore, Myanmar, and Thailand attended the conference. All those who supported PST 2020 conference, including all the authors submitted abstract, proceeding and papers to PST 2020 conference as well as the reviewers who reviewed the submitted manuscript, are acknowledged for the success of this meeting. We also would like to thanks the organizing committees and scientific committees for their contribution and devotion to the organization of the conference.
