

Preface

The 22nd International Conference on Rehabilitation and Reconstruction of Buildings (CRRB 2020) was held online in Brno, Czech Republic on November 19, 2020. The conference was organized by Scientific Society for the Restoration of Buildings and Care of Monuments WTA CZ together with Faculty of Civil Engineering of the Brno University of Technology. Almost thirty participants took part on the 22nd CRRB conference. They were mainly from the Czech Republic, Germany, Poland and Italy. It is positive that there is straight continuity on the previous 21th International Conference on Rehabilitation and Reconstruction of Buildings – CRRB 2019, which was held in Prague, respectively. The objective of the conference was to discuss current results of research and practical developments in fire protection, surface technology, in restoration of stone, masonry, concrete structures, timber protection. The attention was focused on surface treatment, physical-chemical properties and static and dynamics of structures as well. The organizing committee of the 22nd International Conference on Rehabilitation and Reconstruction of Building would like to thank all the speakers, session chairs and all participants because they made the conference fruitful and successful.
