## Chapter 1: Pharmaceutical and Biomedical Materials and Technology

<b>In Silico, Design, and Development: Molecular Modeling towards B-RAF and VEGFR-2 of Novel Sorafenib Derivatives for Targeted Hepatocellular Carcinoma Cancer Inhibitors</b>	
J. Sirirak, S. Suttayasorranakhom, P. Limpachayaporn and S. Oekchuae	3
<b>The Potential Use of <i>Borassus flabellifer</i> Linn. Color Extract as a Natural Dye</b>	
A. Petchsomrit, N. Jiangseubchatveera, N. Leelakanok and T. Sirirak	9
<b>Anticancer Activities of <i>Phlogacanthus pulcherrimus</i> T. Anderson Leaves Extract on MCF-7 Breast Cancer Cells</b>	
S. Boontha, B. Buranrat, P. Temkitthawon and T. Pitaksuteepong	16
<b>An Evaluation of <i>Dictyophora indusiata</i> Mucilage as a Binder in Tablet Formulations</b>	
K. Burapapadhd, N. Changsan, C. Sinsuebpol and P. Saokham	22
<b>Formulation of Chewable Toothtablets Containing Mangosteen Rind Extract and Market Feasibility Study in Capital District of Nakhon Pathom Province</b>	
N. Nattapulwat, P. Wetwitayaklung and B.T. Sriwong	28
<b>Development of Nifedipine Amorphous Solid Dispersion Composed of Surface-Active Agents</b>	
S. Tubtimsri and Y. Weerapol	35
<b>Development of Aqueous Formulation Containing the Extracted Mangiferin</b>	
C. Tessiri, S. Channarong and P. Wongtrakul	40
<b>Development of Oral Cleansing Products Containing Green Tea and <i>Centella asiatica</i> Extracts</b>	
N. Amornopparattanakul, N. Waranuch, S. Lamlerthon, W. Wisuitiprot and K. Ingkaninan	48
<b>Fabrication and Characterization of Azithromycin-Loaded Niosomes for Periodontitis Treatment</b>	
K. Kerdmanee and S. Limsithichaikoon	55
<b>Development and Characterization of Oral <i>Mucuna pruriens</i> Seed Extract Jelly</b>	
C. Chittasupho and N. Kamkaen	61
<b>Lamellar Lyotropic Liquid Crystal Phases as a Carrier for Skin Delivery of <i>Morus alba</i> Stem Extract</b>	
C. Yhirayha, S. Wittaya-Areekul and T. Pitaksuteepong	67
<b>Formulation Optimization and Characterization of Spray-Dried Medium Chain Triglycerides-Rich Oil</b>	
W. Kriangkrai, P. Sararak, T. Tothong, N. Khumpirapang and S. Wittaya-Areekul	73
<b>High-Performance Liquid Chromatography Quantitative Determination of Oxyresveratrol and Morin Contained in <i>Maclura cochinchinensis</i> Extract and Gel Formulation</b>	
A. Petchsomrit and B. Vongsak	79
<b>Preparation and Characterization of Orodispersible Films Loaded Diclofenac Sodium/β-Cyclodextrin Inclusion Complexes</b>	
P. Saokham, K. Burapapadhd, N. Changsan and C. Sinsuebpol	86
<b>Development of Triphala Extract-Loaded Mucoadhesive Films for Aphthous Ulcers</b>	
S. Panomsuk, S. Kamolporn, C. Natnaree, B. Paroch and N. Nopparat	92
<b>Development of Curcumin-Loaded Polymeric Mixed Micelle for Skin Moisturizing Antioxidant Formulation</b>	
S. Channarong, P. Sobharaksha, C. Sardseangjun and P. Vasvid	98
<b>Development of Mucoadhesive Film-Forming Systems Containing Black Ginger Extract for Aphthous Ulcers</b>	
N. Wattanaphraya, S. Manchun, S. Taokaew and W. Kriangkrai	104
<b>Factors Affecting Gelation of Lidocaine Hydrochloride-Loaded Polyelectrolyte Complex Thermosensitivity Gel for Dry Socket Treatment</b>	
N. Supachawaroj and S. Limsithichaikoon	111

<b>Formulation, Physical and Chemical Stability of <i>Ocimum gratissimum</i> L. Leaf Oil Nanoemulsion</b>	
N. Ontao, S. Athikomkulchai, S. Tadtong, P. Leesawat and C. Chittasupho	117
<b>Effect of Cisplatin/Curcumin-Loaded Polycaprolactone Nanoparticles on Oral Carcinoma Cells</b>	
C. Pornpitchanarong, S. Panomsuk and T. Taesotikul	123
<b>Preparation of Nanostructured Lipid Carriers (NLCs) Loading Violacein Extract for Anti-Acne Products</b>	
P. Leelaudomlipi, S. Manchun, P. Supakdamrongkul and P. Sobharaksha	129
<b>Optimization of Diclofenac Sodium-Loaded Nanostructured Lipid Carriers (NLCs) Using the Box-Behnken Design</b>	
P. Kraisit and N. Sarisuta	137
<b>Development of Personalized Colonic Drug Delivery Systems Prepared by 3D-Printing Technology</b>	
T. Sangnim, A. Tangpanithanon, M. Khamtheantong, J. Charoenwai and K. Huanbutta	144

## Chapter 2: Engineering Tribology and Applied Technology

<b>Metallurgical Behavior of Amorphous Alloy during Annealing at Different Temperatures via Molecular Dynamics Simulation</b>	
Y.C. Lin, S.C. Lu and P.H. Teng	153
<b>Evaluation of Sulfides as Solid Lubricant: Lubricity of Compounded Sulfides</b>	
T. Sato, S. Ishikawa, K. Saitoh, M. Takuma and Y. Takahashi	164
<b>Study on Stamping Process of 304 Stainless Steel Bipolar Plate</b>	
T.S. Yang, T.F. Zhang, T.W. Lin and C.X. Zhang	170
<b>Forging Process Analysis of 6061 Aluminum Alloy Motorcycle Brake Parts</b>	
T.S. Yang, C. Chang and T.F. Zhang	176
<b>Friction, Scuffing and Transfer Layer Formation in Lubricated Sliding of EN31 Steel and Tungsten Carbide (WC): Surface Topography Effects</b>	
V. Edachery, V. Swamybabu, H. Rajneesh and S.V. Kailas	182
<b>Effects of Temperature Rise of Grease on Lubricating Performance of Drive Elements under the Extreme Pressure</b>	
Y.P. Chang, L.M. Chu, H.Y. Wang, C.T. Liu and Q.W. Chen	187
<b>Effects of the Rolling Directions on Wear of the Aluminum Alloys</b>	
Y.P. Chang, L.M. Chu, C.T. Liu, J.C. Wang and G.W. Chen	193
<b>Surface Topography Evolution of Engineered Surfaces during Sliding Wear</b>	
D.K. Prajaapti	199
<b>Tribological Properties and Corrosion Resistance Properties of NbN/TiN Multilayer, TiNb-N<sub>X</sub> Single-Layer and Coatings that are Doped with Carbon</b>	
K.L. Kuo, Y.L. Su, W.H. Kao, Y.H. Mao and T.W. Liang	208
<b>Evolution of the Mechanical Properties of the Surface Layers of Aluminum Alloys under the Conditions of Sliding Friction</b>	
E.V. Torskaya and A.M. Mezrin	219
