

Table of Contents

Preface

Chapter 1: Functional Materials

Study of Structural, Thermal and Electrical Properties of Sr-Doped CaMnO₃ A. Nurhayati, K. Venkataramana and C.V. Reddy	3
Electric Response of a Negative Dielectric Anisotropy Nematic Liquid Crystal Doped with Ionic Dopant A. Fajar, H. Jodi, R.T. Yulianti, R. Yudianti, S. Suryadi, E.M. Kusumasari and Y. Yusuf	21
The Role of Aging Stage on the Properties of Zinc Oxide Particles I. Nurhasanah, A.A. Pringgodani, R. Khoiriyah, H. Sugito and A. Khumaeni	29
The Synthesis of MOFs of ZnImBImZnO through Hydrothermal and Solvothermal Methods S. Wahyuningsih, W.M. Naufal, F.A. Rofiqoh, U.A. Sari, N.C. Rani, A. Nugroho, W.W. Lestari and T.E. Saraswati	37

Chapter 2: Materials for Biomedical Application

Investigation of Copper Addition on Corrosion Behavior of a Ferrous Based Shape Memory Alloy for Biomedical Implant Applications M.M. Rasheed, R.A. ur Rahman and S.Z. Abbas	53
Characterization and Performance Analysis of TiO₂ Coated UHMWPE for Biomedical Applications M. Tahir, R.M. Gul, A. Nawaz, M.A. Kamran and F. Nawaz	61
Processing of Reduced Graphene Oxide Reinforced Ultra High Molecular Weight Polyethylene for Orthopedic Implants F. Farhan, A. Shakoore and S. Noor	67

Chapter 3: Welding Processes

Implementation of Manual Metal Arc Welding with Pulsed Current on TIG Modern Inverter Welding Equipment A. Magda, M. Burca and A. Perianu	77
Study on some Correlations between Hardness with Process Parameters Applying on Welded Joints Made through TIG Welding Process Using High Frequency Pulsed Arc B. Remus, S. Voicu-Ioan, M. Dumitru and M. Gabriela Victoria	83
Concept of Expert Software for Welding of Nodes from Inland Vessels A.A. Midan, S.V. Savu, A.I. Biholar, A.D. Savu and N.A. Sîrbu	89
Resistance of the Steel Lap Joints Connected by Spot Welding and Brazing I. Both, V. Ungureanu, M. Burca, A. Popescu, A. Cristian and A. Biholar	97
The Role of Welding in Fracture Mechanics Development A. Sedmak, H. Dascau and S. Sedmak	109
Effects of Cold Gas Tungsten Arc Welding on Dissimilar DHP-CW024A Copper/304 SS Thin Lap Joint V. Denora, N. Contuzzi, M. Rashkovets, P. Posa, A. Angelastro and G. Casalino	115
