

Preface

Materials and technologies are significant elements for all kinds of high-tech industries that pave the road for advancements in the manufacturing area. With the rapid development of computer technology, communications technology, and network technology, the traditional manufacturing process has evolved to intelligent manufacturing that is more technologically flexible and efficient.

The Third International Conference on Materials Science and Manufacturing Technology 2021 (ICMSMT 2021) was a premier interdisciplinary platform for researchers, academicians, and practitioners worldwide to present recent developments in materials sciences and manufacturing technology. The third edition of the ICMSMT conference series (ICMSMT 2021) has been organized with partnered by Akshaya College of Engineering and Technology, Coimbatore, and Diligentec Solutions, Coimbatore, India. The conference received submissions from 9 countries, and the editorial board of ICMSMT has accepted the papers after the stringent screening and review process. ICMSMT is a scientific event and aimed to be conducted in the second week of April every year.

Due to the COVID-19 outbreak worldwide, followed by the national and international travel restrictions, the ICMSMT 2021 was organized in an online model. Each presenter was given ten minutes for the presentation and three minutes for queries and discussion. The entire meeting has been conducted using the Google Meet platform.
