

Table of Contents

Preface

The Influence of Implanted Yttrium on the Mechanisms of Growth of Chromia Scales K. Przybylski and G.J. Yurek	1
Effect of Rare Earth Metals and Oxides Addition on the High Temperature Oxidation of Ni-Cr and Fe-Cr Alloys H. Nagai	75
French Research on the "Effect of Reactive Elements on the Oxidation Behavior" A.M. Huntz	131
Anion Transport in Growing Cr₂O₃ Scales M.J. Graham, J.I. Eldrige, D.F. Mitchell and R.J. Hussey	207
Stresses in Oxide Films and Relationships with Cracking and Spalling A.G. Evans and R.M. Cannon	243
The Effects of Reactive Element Oxide Coatings on the Oxidation Behaviour of Metals and Alloys at High Temperatures D.P. Moon and M.J. Bennett	269
The Role Surface Segregation and Stresses in Scale Adherence K.L. Luthra and C.L. Briant	299
The Influence of Reactive Elements on Sulphidation Resistance at High Temperatures F.H. Stott, F.M.F. Chong and C.A. Stirling	327
