

## Table of Contents

### Preface

<b>Manufacture of Aluminum Nanocomposites: A Critical Review</b> C. Borgonovo and D. Apelian	1
<b>Micro-Chemistry and Mechanical Behaviour of Ti6Al4V-SiC<sub>f</sub> Composite Produced by HIP for Aeronautical Applications</b> P. Deodati, R. Donnini, S. Kaciulis, M. Kazemian-Abyaneh, A. Mezzi, R. Montanari, C. Testani and N. Ucciardello	23
<b>Simulation of the Mechanical Behaviour of Metal Matrix Composites</b> S. Schmauder, U. Weber, A. Reuschel and M. Willert	49
<b>Dry Sliding Behaviour of Peo (Plasma Electrolytic Oxidation) Treated AA 2618/20% Al<sub>2</sub>O<sub>3p</sub> Composite</b> L. Ceschini, C. Martini, G. Sambogna and F. Tarterini	61
<b>Strengthening Evaluation in a Composite Mg-RE Alloy Using TEM</b> M. Cabibbo	75
<b>Friction Welding of Particle Reinforced Aluminium Based Composites</b> L. Ceschini, A. Morri and F. Rotundo	85
<b>Hot Drilling of Aluminium Matrix Composite</b> R. Donnini, L. Santo and V. Tagliaferri	95
<b>Effect of Mechanical Mould Vibration on Solidification Behaviour and Microstructure of A360-SiC<sub>p</sub> Metal-Matrix Composites</b> G. Timelli, E. Della Corte and F. Bonollo	105
<b>Processing of Lightweight Metal Matrix Composites via <i>In Situ</i> Gas/Liquid Reaction</b> C. Borgonovo and D. Apelian	115
<b>Effects of Reinforcement Parameters on Fatigue Strength of Aluminium-Based Particulate-Reinforced Composites</b> M. Vedani	125
<b>Production and Characterization of Aluminum Iron Powder Composites with Ferromagnetic Properties</b> S. Amadori, E. Bonetti, E.G. Campari and L. Pasquini	135
<b>Comparison between Roll Diffusion Bonding and Hot Isostatic Pressing Production Processes of Ti6Al4V-SiC<sub>f</sub> Metal Matrix Composites</b> C. Testani, F. Ferraro, P. Deodati, R. Donnini, R. Montanari, S. Kaciulis and A. Mezzi	145
