

## Preface

It is a great honor for us to invite our distinguished guests and participants to attend 2016 7th International Conference on Material and Manufacturing Technology (ICMKT 2016) held on May 14-16, 2016 in Chiang Mai, Thailand.

This year ICMKT was supported by Chiang Mai University, and the conference will take place at the University Academic Service Center in the university.

As we all know, in the last few years, material and manufacturing technology have played an important role in the progress of human society and research of scholars in the related field has accumulated a treasure of accomplishments and promoted the development of academic studies, meanwhile, researchers are faced with a lot of problems. Under such background, ICMKT 2016 is held, with the purpose of being a great platform for researchers and engineers in the areas of materials and manufacturing technology to report the latest achievements of research efforts, to discuss the wide range of problems encountered at present face to face, and to be inspired and enlightened by the works of others.

We believe the volume will be essential reading for those in the related areas and will provide an inspiration for future studies and advancement.

At last, we would like to thank the keynote speakers, Prof. Ghenadii Korotcenkov, Assoc. Prof. Chi-Chang Chang, the program chairs, the committee members, the reviewers and all those who have contributed to the success of ICMKT 2016.

We're looking forward to seeing you all in ICMKT next year!
