

## Preface

The series “Hungarian Conference and Exhibition on Materials Science, Testing and Informatics” (later simply “Hungarian Conference on Materials Science”) was intended to provide a forum where Hungarian and foreign scientists and research groups interested in metals and alloys, silicates, polymers and composites get an opportunity to exchange and publish ideas and establish new and integrated partnerships. The 10<sup>th</sup> Hungarian Conference on Materials Science was held at the Balaton lakeshore in Balatonalmádi, October 11-13, 2015.

The organisers present this volume as a peer-reviewed selection of papers submitted to publication.

The organisers express their gratitude to all sponsors. Thanks are due to organising societies, as the Hungarian Materials Science Society and to other Hungarian scientific and engineering societies for their support.

Budapest, 02<sup>nd</sup> October, 2015.
