

Preface

The International UNIMAS Engineering Conference 2018 (ENCON) on Advanced Materials was taken place in Kuching, Malaysia on September 12-14, 2018. The objective of ENCON 2018 is to bring together academics, scientists, engineers, postgraduates and other professionals in the area of material science and engineering technology from all over the world. It provides a high-standard international opportunity to present, to exchange and to discuss recent advances novel and practical techniques or application in the field of material engineering. We would like to thank the program chairs, organization staff, and the members of the program committee, Session Chairmen and reviewers for their work. Thanks also go to all those who have contributed to the success of ENCON 2018. We hope that all participants and other interested readers benefit scientifically from the proceedings and also find it interesting in the Process.

The Organizing Committee of ENCON 2018.
