

Preface

The 25th International Conference Concrete Days 2018 was held in Prague, Czech Republic from November 21st - 22nd, 2018. The conference was organised by the Czech Concrete Society in Prague.

Participants from Belarus, Austria, Egypt, Germany, Montenegro, Slovakia and Switzerland took part and altogether more than 300 people were present at the conference. Selected scientific papers are published in this international scientific journal.

The papers present recent research results in the area of modern concretes and concrete structures, discuss modelling and design of concrete structures, bridges and buildings, properties of concretes as well as significant structural projects and realizations.

The conference organizing committee would like to express their thanks to all speakers, session chairpersons, invited speakers and participants for making this conference successful.
