

Table of Contents

Preface

Chapter 1: Building Materials

Improving the Properties of Cement Mortar Using Low Content Graphene Oxide M. Maizuar, S.A. Nanda, B. Burhanuddin, S.J. Akbar, A. Jalil, S. Malaysi and F. Daulay	3
Characterization of Coal Fly Ash and Rice Husk Ash as Binders in Geopolymer with Material Microstructure Testing L. Opirina, T.B. Aulia, M. Hasan and S. Aprilia	11
Porous Asphalt: A Comparison of Modified Optimized Asphalt Content and Conventional Optimized Asphalt Content M. Refiyanni, S.M. Saleh, M. Isya, S. Aprilia and I. Fadil	23
Study of the Compressive Strength of Geopolymer Concrete Using Rice Husk Ash and Seashells in Rigid Pavements V. Veranita, Z. Zulyaden, J. Supardi and M. Balqis	33
Phytochemical Analysis and Antioxidant Properties of <i>Syzygium cumini</i> Fruit as a Corrosion Inhibitor N. Ali, S. Fonna, Y. Saputra and J. Supardi	41

Chapter 2: Structural Engineering and Disaster Resilience Assessment

River Hydraulics in Analyzing the Impact of the River Groynes Distance on the Quantity of Erosion in River Channel R.C. Wijaya, U. Lasminto, M.A. Maulana, A.A.N.S. Damarnegara, P.T. Kumala Sari and Z. Zulyaden	51
Analysis of Monopile Foundation on Offshore Wind Turbine Structure M.R. Aditya, K. Yusuf, C. Yovi, G.P. Wahyu and M. Maizuar	59
Evaluating the Reliability of Satellite Gravity Data for Disaster Risk Mapping in West Coast Aceh's Coal Mines A. Adib, R. Armi, S.T. Anda and A. Azwanda	75

Chapter 3: Urban Planning and Infrastructure Development

HEC-RAS Modeling for Urban Drainage Performance Evaluation in Overcoming Surface Runoff: Case Study C.S. Silvia, A. Maulana and M. Ikhsan	89
Flood Mapping Analysis for the Downstream Urban Area of the Keureuto Sub-Catchment with River Interventions R. Renaldi, S. Nabila, F. Umar, K. Yusuf, A. Desmi, F. Fasdarsyah and T.M. Hafli	99
Evaluation of the Road Transportation System in Supporting Connectivity between Activity Centers M. Isya, M. Refiyanni, C. Chaira and A. Akhyar	107
Analysis of Demand and Distribution of Blue Water in the Malikussaleh University Medical Building Using EPANET Software F. Fasdarsyah, T.M. Hafli, M. Putri, D. Adzuha and C. Yovi	119

Chapter 4: Rural Planning and Development

Community Participation in the Sustainability of the Jeuram Irrigation Network System to Support Agricultural Productivity D. Febrianti, T. Farizal, R. Agusmaniza, A. Satria, R. Wilis, E. Elviani and N. Farida	127
---	-----

Modeling of Cellular Automata Marcov Chain for Land Use Change Prediction in Nagan Raya Regency

F. Fachruddin, S. Sanusi, A. Yusra, R. Suhendra, M. Usman and M. Safriani

143
