Preface

Chapter 1: Materials for Biomedical and Environmental Engineering

Bleached Shellac/Fatty Substance <i>In Situ</i> Matrix for Localized Metronidazole Delivery T. Phaechamud, S. Tuntarawongsa and N. Puyathorn	3
Influence of Doped Ions on the Properties of Bioactive Glass Scaffolds P. Naruphontjirakul	9
Fabrication of CuHCF/g-C₃N₄ Composite with Improved Electrochemical Adsorption Performance for Contaminated Radioactive ¹³⁷Cs in Aqueous Solution S. Issarapanacheewin, N. Siangdee, W. Katekaew, N. Prasertchiewchan, W. Kingkam and K. Wangkawong	17

Chapter 2: Nanomaterials and Functional Materials

An Efficient and Flexible Preparation Method for Multilayer Functional Aramid Nanofibers-Based Aerogel Z. Wang, T.L. Shi and H. Long	27
Novel Multi-Spacer Hk/Mg 28 nm Planar MOSFET for Superior Subthreshold Swing and DIBL Optimization: Simulation Design and Process Investigation Z.T. Xiao, Z.H. Zhang, Y.H. Zheng, J.H. Shi, C.X. Wang, Y.T. Jiang and I. Aynul	33

Chapter 3: Metallic Materials and Metal Processing Technology

Effect of Si Content on Property of Al-Si-Mg Strip Cast Using High Speed Twin Roll Caster T. Haga, H. Ochi, H. Fuse, H. Watari and S. Nishida	45
Microstructural and Mechanical Properties of Flash SPS WC-Co/AISI 304L Diffusion Bonded B. Maamache, N. Ouali, B. Belkessa, H. Maamar, P. Hvizdoš and B. Cheniti	51
Effect of Impurity on Casting of Al-25%Si Heat Sink with Thin Fins H. Fuse, T. Haga, H. Ochi, H. Watari and S. Nishida	57
Effect of Mold Lubricant on Flow Length of Al-Mg Alloy in Die Casting H. Fuse, T. Haga, H. Sakaue, H. Ochi, H. Watari and S. Nishida	63
Study on Cutting Edge Shape in Surface Processing with Indexable Non-Rotational Cutting Tool Using Damping Alloy K. Shimana, S. Arikawa, R. Iwamoto, S. Yoshimitsu and Y. Kobaru	69

Chapter 4: Natural and Sustainable Building Materials

Influence of Relative Humidity on the Expansion Coefficient Rate of Bamboo Bundles P. Sawangbunditkun, I. Preechawuttipong and R. Peyroux	77
Influence of Relative Humidity on Elastic Modulus of Bamboo Bundle P. Sawangbunditkun, I. Preechawuttipong and R. Peyroux	83
Radiative Cooling Benefits of Materials Applied to the Steel Furnace Slag Use in Asphalt Pavement in a City S.H. Chen and C.H. Huang	89
