

Table of Contents

Preface

Chapter 1: Materials Research

Piezoelectric Patches for Deflection Control of Functionally Graded Carbon Nanotube-Reinforced Composite Plates	
M. Ezzraimi, M.E. Lazar, R. Tiberkak, Y. Chiker, M. Bachene and S. Rechak	3
Optimization of the Mechanical and Physical Properties of Lightweight Concrete Reinforced with Date Palm and Sisal Fibers	
M. Chakhari, N. Salem and J. Neji	15
Elastic-Wave Characteristics from Crack Initiation and Propagation of High-Strength Steel Immersed in Acetic-Acid Solution	
K.H. Gu, J.E. Paeng, G.H. Lee and K.W. Nam	23

Chapter 2: Additive Manufacturing

Parameter Optimization for Higher Tensile Strength in Stereolithography(SLA) Process for ABS Plastic (ACCURA-60) in Tensile Loading	
R. Raffik, T. Suresh, V. Raja, M.M. Jones, T. Murugajothi and B. Kannadasan	37
Effect of Process Parameters on Smooth Surface Finish in Stereolithography Process for ABS Material	
R. Raffik, J. Sivaguru, V. Raja, T. Suresh, C. Naveen and T. Murugajothi	47
Investigation on Role and Impact of 3D Printing Technology in Sand Casting	
P.K. Dhal, P.V. Arul Kumar, G. Muthu, S. Kaliappan, L. Natrayan and G. Yatika	57

Chapter 3: Thermal Engineering

Study of Modified Absorber Plate with Aluminium Foam of Solar Water Heating System	
M.H. Basri, Jalaluddin, R. Tarakka, M. Syahid and M.A.I. Ramadhani	67
Experimental of the Influence of Blade Pitch Angle Cooler Fan on the Performance of Closed Cooling Water System Gas Turbine	
S. Budi and B.A. Dwiyantoro	75
Effect of Propylene Glycol on Supercooling NaCl-H₂O Solution as PCM to Reduce Energy Consumption in Hybrid Reefer Container	
I.N. Rokhim and S.P. Fitri	81

Chapter 4: Biomedical Signal and Image Processing

An Innovation of Black Tea as a Substitute for the Use of Positive Contrast Media in CT Urography in Hydronephrosis Cases: Case Study	
R. Wati, A.N. Istiqomah, E. Salsabila and H.S.P. Pratama	91
Kalman Filter for Artifact Reduction in MRI Imaging: A Literature Review	
D.A. Puspitaningtyas, D.K. Mulyantoro and S. Sudiyono	101
Image Quality Improvement of SENSE Parallel Imaging MRI Post-Acquisition Using Denoising Non-Local Mean Filter Technique	
S. Angella, R. Indrati and T.M. Yoshandi	111
Determination Image Quality on Thorax COVID-19 and Tuberculosis Using Optical Density Image Analysis	
A.W. Sari, A.N. Mayani, M.N. Putri, D.A. Puspitaningtyas and A.O. Hidayati	123
Falling Estimation Based on PoseNet Using Camera with Difference Absolute Standard Deviation Value and Average Amplitude Change on Key-Joint	
M.I. Siddiq, A. Rizal, B. Erfianto and S. Hadiyoso	133

The Influence of X-Ray Tube Current-Time Variations Toward Signal to Noise Ratio (SNR) in Digital Radiography: A Phantom Study

A.P. Utami and A.N. Istiqomah

143

Literature Review: Impact of Noise on Cognitive Performance Using Electroencephalography

R.D. Astuti, B. Suhardi, P.W. Laksono, N. Susanto and J. Muguro

153
