## Preface

### Scientific Approaches to the Development of Economic Relations between Landowners and Mining Companies

G. Pivnyak, O. Vagonova and V. Prokopenko 1

### Some Economic Indicators of Coal Mining from Thin Seams

R. Dychkovskiy, A. Avdiushchenko and V. Lozynskiy 13

### Development of Mechanism of Enterprises Economic Stimulation to Labor Conditions Improvement

S. Shkarlet and L. Kasyanenko 21

### Energy Effectiveness of Geotechnical Systems

A.S. Beshta 28

### Methodical Recommendations on the Use of Web Analytics System in Food Industry Enterprises

O. Romanenko 36

### Activation Process on Sustainable Business Development in Ukraine

L. Solianyk 41

### International Standards of Corporate Security

I. Otenko and O. Preobrazenska 53

### Variability of Methodical Use of System Models for Determining the Cost in Construction

E. Bondar and V. Stitsenko 62

### Anti-Crisis Methods of Renewal Tourist Image of Territory

O. Vynogradova and M. Smykova 67

### Principles of Formation of State Financial Policy in Economic Development of Region

N. Metelenko 72

### Conceptualizing Functional Distribution of Authority to Regulation Social, Ecological, and Economic Development of Micro-Regions

O. Panukhnyk 77

### Enterprise's Potential Content and Methodological Approaches to the Definition

A. Turilo 87

### Development of Long Term Sustainability-Programmes for Ukrainian Mining Enterprises under Unstable Economic Conditions

O. Temchenko 93

### Effectiveness of Geo-Energy Usage during Underground Mining of Deposits

O. Khomenko, M. Kononenko and D. Astafiev 100

### Unsystematic Risk and Enterprise Investment Attractiveness

O. Vakulchik and Y. Protasova 107

### Methodical Bases of HR-Strategy Formation: From Strategic Alternatives to Key Performance Indicators

S. Dovbnya and O. Pysmenna 112

### Formation of the Economic Security Level of Mining and Processing Enterprise on the Basis of the Availability Factor of the Task

D. Pilova 121

### The Mechanism of Ensuring Ecological and Economic Efficiency of the Iron-Ore Deposit Exploitation

V. Prokopenko and O. Tymoshenko 128

### Economic Justification of the Investment Project of Constructing Objects of Mining and Processing Enterprise

R. Bendravičienė and N. Romaniuk 135

### Evaluation of the Innovation Potential of an Industrial Enterprise

J. Skonieczny, O. Vagonova and A. Vilyanskiy 143

### The Economic and Organizational Aspects of the Technogenic Manganese Ore Deposit Exploitation

V. Shapoval, A. Horpynich and E. Terekhov 151

<b>Scientific and Practical Procedures of Ensuring the Effectiveness of Environmental Measures during Exploitation of Iron Ore Deposits</b>	
L. Tymoshenko	160
<b>Selection of the Investor's Type for the Project Utilization of a Man-Made Deposit Using Hierarchy Process Method</b>	
Y. Volotkovska	166
<b>On Mathematical Models of Some Optimization Problems Arising in the Production of Autoclaved Aerated Concrete</b>	
L. Koriashkina, V. Saveliev and A. Zhelo	173
